

Solid Surface

If a toilet partition is damaged by graffiti, the surface can be renewed. If the product is damaged by etching or deep scratches, the damaged area can be repaired. Most can be brought back to their original look with minimum hassle and expense.

Ampco solid surface compartment systems are perfect applications where practical elegance, rugged durability, and ease of maintenance are important considerations. Luxurious colors and patterns throughout the material thickness offer the added advantage of easy on-site repair. Impervious to water, moisture and heat. Features a Class "A" fire rating.

Solid Surface contributes to sustainable building design. It has exceptional durability and extended life cycles, offering a beautiful and cost-effective surface with the added value of reduced waste.

Nontoxic and non allergic. Material has natural anti-microbial features.

Its nonporous, and with proper cleaning it does not support the growth of mold, mildew, and bacteria, which makes it an excellent option for hospitals, hotels and restaurants.

Construction Features:

- Overhead braced or floor to ceiling construction
- Heavy Duty three or four surface mounted cast stainless steel hinges
- ¾" (19mm) door and stile thickness
- ¾" (19mm) panel thickness

Optional Features:

- Heavy duty cast chrome plated non-ferrous Zamac hardware
- ½" (12mm) panel thickness
- Continuous stainless steel wall brackets and hinges
- Euroline hardware (See on page 5)
