**Socialist Cities** Richard W. Judd 1989-07-28 *Socialist Cities* is a comparative treatment of grass-roots Socialist successes. It marks the first comprehensive look at the urban working-class base of the American Socialist movement in the early part of the century, and reveals the importance of municipal politics as an organizing strategy. The author assesses the reactions of both workers and non-workers to the party, and provides a fresh perspective on the perennial question of why socialism 'failed' in America. He demonstrates that the subtle and ongoing dialogue between the party's own internal theoretical and tactical weaknesses and the broader class and structural obstacles against which it struggled, contributed to its failure.

*The Shawnee Indians* Randolph Noe 2001 The result of years of painstaking research, this outstanding compilation reflects the wealth of material available on the Shawnee, from contact through the 20th century. The historical introduction provides a succinct but comprehensive narrative of Shawnee history. The bibliography itself is arranged in three broad subject areas. The first covers general history and affairs, anthropology, and linguistics; the second moves through history with the Shawnee, providing easy access to materials that document and analyze each period of their history; and the third references a plethora of primary documents-judicial, administrative, and

Congressional material not generally found in existing guides. This latter section lends a particular strength to the work with its annotations of the Annual Reports of the Commissioners of Indian Affairs, which give unparalleled views of Shawnee life in the 19th century. Although intended primarily as a guide to the literature, the entries are generous in scope and description and often contain quotations from the primary sources. Intended for historians, anthropologists, researchers, and students, both graduate and undergraduate.

**Enchanted Ground** Sharon Hatfield 2018-11-08 In *Enchanted Ground*, Sharon Hatfield brings to life the true story of a nineteenth-century farmer-turned-medium, Jonathan Koons, one of thousands of mediums throughout the antebellum United States. In the hills outside Athens, Ohio, Koons built a house where it was said the dead spoke to the living, and where ancient spirits communicated the wisdom of the ages. Curious believers, in homespun and in city attire, traveled from as far as New Orleans to a remote Appalachian cabin whose marvels would rival any of P. T. Barnum's attractions. Yet Koons's story is much more than showmanship and sleight of hand. His enterprise, not written about in full until now, embodied the excitement and optimism of citizens breaking free from societal norms. Reform-minded dreamers were drawn to Koons's seances as his progressive brand of religion displaced the gloomy Calvinism of previous generations. As heirs to the Second Great Awakening, which stretched from New York State to the far reaches of the Northwest Territory, the curious, the faithful, and Koons himself were part of a larger, uniquely American moment that still marks the cultural landscape today.

[County Name Origins of the United States](#) Michael A. Beatty 2001 This

massive reference work supplies the origins of all county (and parish) names in the United States. It is organized into 49 chapters, covering the 48 states with counties and the one state (Louisiana) with parishes (Alaska, with no comparable subdivisions, is omitted), each giving the counties in alphabetical order and ending with its own bibliography. Each entry, rich with historical details, explains the origins of its name. Among the diverse origins are such things as presidents, rivers, Indian tribes and military heroes. A general bibliography and full index complete this reference work.

*Coming Together* Winona Garmhausen 2004 I began writing this collection soon after publishing *Emotions*. From memory, I have always been fascinated with the moon and remember using my favorite Uncle's World War II binoculars, staring at the moon with wonder and delight. During a conversation with the dear friend from, "In Praise of Southern Girls," she suggested the name, Moon Stages. In truth, our lives change with the seasons but ever so subtly with the more frequent changes of the moon. These poems come from a healed, thankful heart. They pay tribute to friendship, to finding again those from my past, they offer up a thanksgiving for blessings and sing a song to new love. Preview readings from portions of this work have garnered each time the comment, "Can't wait to read this collection!"

*Some References for Genealogical Searching in Ohio* Ruth Long Douthit 1960

*The Boy Scouts Book of Campfire Stories* Franklin K. Mathiews

2016-08-26 The campfire for ages has been the place of council and friendship and story-telling. The mystic glow of the fire quickens the mind, warms the heart, awakens memories of happy, glowing tales that fairly leap to the lips. The Boy Scouts of America has incorporated the "campfire" in its program for council and friendship and story-telling. In one volume, the Boy Scouts Book of Campfire Stories makes available to scoutmasters and other leaders a goodly number of stories worthy of their attention, and when well told likely to arrest and hold the interest of boys in their early teens, when "stirs the blood—to bubble in the veins." At this time, when the boy is growing so rapidly in brain and body, he can have no better teacher than some mighty woodsman. Now should be presented to him stirring stories of the adventurous lives of men who live in and love the out-of-doors. Says Professor George Walter Fiske: "Let him emulate savage woodcraft; the woodsman's keen, practiced vision; his steadiness of nerve; his contempt for pain, hardship and the weather; his power of endurance, his observation and heightened senses; his delight in out-of-door sports and joys and unfettered happiness with untroubled sleep under the stars; his calmness, self-control, emotional steadiness; his utter faithfulness in friendships; his honesty, his personal bravery." The Editor likes to think that quite a few of the stories found in the Boy Scouts Book of Campfire[vi] Stories present companions for the mind of this hardy sort, and hopes, whether boys read or are told these stories, they will prove to be such as exalt and inspire while they thrill and entertain.

**A History of Weber County** Richard C. Roberts 1997 The Utah Centennial County History Series was funded by the Utah State Legislature under the administration of the Utah State Historical Society in cooperation with Utah's twenty-nine county governments.

In today digital age, eBooks have become a staple for both leisure and learning.
