Perang Korea - Pertikaian Terpanjang Dua Saudara Michael Wicaksono 2020-04-01 Tak dipungkiri bahwa budaya populer Korea sudah menjangkiti generasi milenial di seluruh dunia. Anak-anak muda menjadikan drama dan musik

Korea Selatan sebagai hiburan harian. Tetapi tidak banyak yang tahu mengapa Korea terbagi menjadi utara dan selatan. Perang ini berakar jauh di pergantian abad ke-19 menuju abad berikutnya, ketika Korea yang berada di bawah dominasi Kekaisaran China mulai beralih ke

Jepang yang sedang bangkit. Jepang masuk ke Perang Dunia II setelah menginvasi China pada 1937 dan menyerang Pearl Harbor pada 1942. Segala sumber daya Korea pun dikerahkan untuk mendukung Jepang di seluruh Asia Timur dan Pasifik. Ketika Jepang kalah pada 1945, Semenanjung Korea menjadi salah satu wilayah yang masa depannya ditentukan oleh pihak Sekutu sebagai pemenang. Rakyat Korea yang menjadi korban, diposisikan sebagai penonton yang pasrah menerima nasib malang mereka. Sejak saat itu, rakyat Korea mulai menemukan diri mereka terbagi dua, utara dan selatan. Uni Soviet masuk dari utara, mendirikan rezim pemerintahan komunis di Pyongyang. AS menyusul dari selatan, dan mendirikan pemerintahan nasionalis di Seoul. Sampai saat ini, proses reunifikasi damai masih terus diupayakan, meski banyak keengganan dari kedua pihak. Namun perang yang secara teknis masih berlangsung sampai detik ini menjadi pembelajaran penting bagi dunia, bahwa

perpecahan yang mendalam pun bisa terjadi di negara yang bahkan secara etnografis sangat seragam, hanya akibat perbedaan ideologi dan kepentingan politik.

Umami Laia Jufresa 2016-07-07 In five extraordinary apartments live five extraordinary families. Designed in the shape of a tongue, each

apartment takes the name of a flavour – sweet, salty, sour, bitter and umami. And the tenants are no less eccentric. In Umami lives retired food anthropologist Alf, landlord and creator of the building. At Bitter lives manic depressive Marina, who neither eats nor paints but invents colours with words; at Sour lives newly parented (as well as New Age) couple Daniel and Daniela; and at Salty lives the Perez-Walkers with their daughter Ana, aka Agatha Christie, a precocious twelve-year-old who spends her days buried in detective novels to forget the unresolved death of her younger sister. Alf is also grappling with the death of a loved one. Recently bereaved, he types letters to his dead wife in the hope she will somehow respond, and together Alf and Ana lean on and support one another – until their lives threaten to spiral out of control. Darkly comic and dizzyingly inventive, Umami is a remarkable and heart-wrenching novel that is as compelling as it is whimsically devastating. Laia Jufresa's work has appeared in McSweeney's, Pen Atlas

and Words Without Borders. In 2015 she was invited by the British Council to be the first ever International Writer in Residence at Hay Festival in Wales, and in the same year she was named as one of the most outstanding young writers in Mexico as part of the project México20. Umami is her first novel. She lives in Cologne, Germany. Sophie Hughes is a literary translator and editor living in Mexico City. Her translations have appeared in Asymptote, PEN Atlas, and the White Review and her reviews in the Times Literary Supplement and Literary Review.

A History of the Korean Language Ki-Moon Lee 2011-03-03 A History of the Korean Language is the first book on the subject ever published in English. It traces the origin, formation, and various historical stages through which the

language has passed, from Old Korean through to the present day. Each chapter begins with an account of the historical and cultural background. A comprehensive list of the literature of each period is then provided and the textual record described, along with the script or scripts used to write it. Finally, each stage of the language is analyzed, offering new details supplementing what is known about its phonology, morphology, syntax, and lexicon. The extraordinary alphabetic materials of the 15th and 16th centuries are given special attention, and are used to shed light on earlier, pre-alphabetic periods.

Music on the Move Danielle Fosler-Lussier
2020-06-10 Music is a mobile art. When people move to faraway places, whether by choice or by force, they bring their music along. Music creates a meaningful point of contact for

individuals and for groups; it can encourage curiosity and foster understanding; and it can preserve a sense of identity and comfort in an unfamiliar or hostile environment. As music crosses cultural, linguistic, and political boundaries, it continually changes. While human mobility and mediation have always shaped music-making, our current era of digital connectedness introduces new creative opportunities and inspiration even as it extends concerns about issues such as copyright infringement and cultural appropriation. With its innovative multimodal approach, *Music on the Move* invites readers to listen and engage with many different types of music as they read. The text introduces a variety of concepts related to music's travels—with or without its makers—including colonialism, migration, diaspora, mediation, propaganda, copyright, and hybridity. The case studies represent a variety of musical genres and styles, Western and non-Western, concert music, traditional music, and

popular music. Highly accessible, jargon-free, and media-rich, *Music on the Move* is suitable for students as well as general-interest readers. *Countering the Risks of North Korean Nuclear Weapons* Bruce W. Bennett 2021-04-12 The authors argue that the United States and the Republic of Korea (ROK) should pursue firm deterrence of North Korean nuclear weapon use—which might soon pose a serious threat to the United States and the ROK—rather than relying on negotiations.

Only Don't Know Seung Sahn 1999-04-06 Here is the inimitable Zen Master Seung Sahn up close and personal—in selections from the correspondence that was one of his primary modes of teaching. Seung Sahn received hundreds of letters per month, each of which he answered personally, and some of the best of which are included here. His frank and funny style, familiar to readers of *Dropping Ashes on the Buddha*, is seen here in a most intimate form. The beloved Zen master not only answers

questions on Zen teaching and practice, but applies an enlightened approach to problems with work, relationships, suffering, and the teacher-student relationship.

The Politics of Gender in Colonial Korea

Theodore Jun Yoo 2014-05-29 This study examines how the concept of "Korean woman" underwent a radical transformation in Korea's public discourse during the years of Japanese colonialism. Theodore Jun Yoo shows that as women moved out of traditional spheres to occupy new positions outside the home, they encountered the pervasive control of the colonial state, which sought to impose modernity on them. While some Korean women conformed to the dictates of colonial hegemony, others took deliberate pains to distinguish between what was "modern" (e.g., Western outfits) and thus legitimate, and what was "Japanese," and thus illegitimate. Yoo argues that what made the experience of these women unique was the dual confrontation with modernity itself and with

Japan as a colonial power.

Ruling Capital Kevin P. Gallagher 2015-02-10 In Ruling Capital, Kevin P. Gallagher demonstrates how several emerging market and developing countries (EMDs) managed to reregulate cross-border financial flows in the wake of the global financial crisis, despite the political and

economic difficulty of doing so at the national level. Gallagher also shows that some EMDs, particularly the BRICS coalition, were able to maintain or expand their sovereignty to regulate cross-border finance under global economic governance institutions. Gallagher combines econometric analysis with in-depth interviews with officials and interest groups in select emerging markets and policymakers at the International Monetary Fund, the World Trade Organization, and the G-20 to explain key characteristics of the global economy. Gallagher develops a theory of countervailing monetary power that shows how emerging markets can counter domestic and international opposition to the regulation of cross-border finance. Although many countries were able to exert countervailing monetary power in the wake of the crisis, such power was not sufficient to stem the magnitude of unstable financial flows that continue to plague the world economy. Drawing on this theory, Gallagher outlines the significant

opportunities and obstacles to regulating cross-border finance in the twenty-first century. *The Routledge Companion to World Cinema* Rob Stone 2017-09-27 The Routledge Companion to World Cinema explores and examines a global range of films and filmmakers, their movements and audiences, comparing their cultural, technological and political dynamics, identifying the impulses that constantly reshape the form and function of the cinemas of the world. Each of the forty chapters provides a survey of a topic, explaining why the issue or area is important, and critically discussing the leading views in the area. Designed as a dynamic forum for forty-three world-leading scholars, this companion contains significant expertise and insight and is dedicated to challenging complacent views of hegemonic film cultures and replacing outmoded ideas about production, distribution and reception. It offers both a survey and an investigation into the condition and activity of contemporary filmmaking worldwide, often

challenging long-standing categories and weighted—often politically motivated—value judgements, thereby grounding and aligning the reader in an activity of remapping which is designed to prompt rethinking.

[Mother of Peace](#) Hak Ja Han Moon 2020-07 Discover the untold story of Hak Ja Han Moon, the North Korean village girl who is now known to millions as the Mother of Peace. Her heart-wrenching story reveals details of a war-torn childhood and trials of faith as she and her late husband, Rev. Sun Myung Moon, built a vast and still-growing international movement capable of fulfilling God's will for peace in the 21st century. A major milestone of her life, described in never-told-before detail, was her marriage in 1960, at age 17, to the charismatic Rev. Dr. Sun Myung Moon. For the next 52 years, she joined him in the daunting task of building a global interfaith movement to fulfill God's will for peace in the 21st century. Mother Moon's journey as a religious woman leader is breathtaking: Born in Japanese-occupied Korea in 1943, she spent her early life in nature so she could commune with

God. War forced her to flee south with her mother and grandmother; they crossed the Han River Bridge minutes before it was blown up. Later, she walked and worked side-by-side with Father Moon, one of history's most energetic and visionary men. They visited every corner of the earth and, despite relentless persecution, met with world leaders, including Mikhail Gorbachev and Kim Il Sung, to bring God's message for them. During this time, she bore 14 children and buried four. She stood with Father Moon for hours as they officiated at Marriage Blessing Ceremonies for hundreds of thousands of couples. Together, they launched hundreds of organizations and businesses to serve youth, family and peacemaking. Since Father Moon's passing in 2012, Mother Moon has shouldered the leadership of their still-growing movement. She has led "Peace Starts With Me" rallies in six continents and plans to bring Blessing Ceremonies to all people.

The Hen Who Dreamed She Could Fly Sun-mi

Hwang 2013-11-26 The Korean Charlotte's Web More than 2 million copies sold This is the story of a hen named Sprout. No longer content to lay eggs on command, only to have them carted off to the market, she glimpses her future every morning through the barn doors, where the other animals roam free, and comes up with a plan to escape into the wild—and to hatch an egg of her own. An anthem for freedom, individuality, and motherhood featuring a plucky, spirited heroine who rebels against the tradition-bound world of the barnyard, *The Hen Who Dreamed She Could Fly* is a novel of universal resonance that also opens a window on Korea, where it has captivated millions of readers. And with its array of animal characters—the hen, the duck, the rooster, the dog, the weasel—it calls to mind such classics in English as *Animal Farm* and *Charlotte's Web*. Featuring specially-commissioned illustrations, this first English-language edition of Sun-mi Hwang's fable for our times beautifully captures

the journey of an unforgettable character in world literature.

The Cold War officially ended in 1991 and opened a world of fresh opportunities for the Peace Corps. The fact that PCVs could move seamlessly into a constellation of states that once comprised the USSR is a testament to the flexibility and durability of the organization. All Peace Corps needs is an invitation. Volunteers are always ready to step up, learn a new language, learn some new skills, and then go to work in unfamiliar lands. Of the 40 stories in this volume, some reach back to early Peace Corps

years in Iran and Turkey. Others engage with the newness of democratic freedoms, drawing back the curtain on old suspicions. Here you'll see why walking a Thanksgiving carrot cake through a revolution is easy. But following a whole new script for free market, democratic customs? Not so much. And meanwhile, in Mongolia, you'll learn how to celebrate the Lunar New Year with a shot of fermented horse milk, Cheers!

The Queue Basma Abdel Aziz 2016-05-24 "The Queue ... has drawn comparisons to Western classics like George Orwell's 1984 and The Trial by Franz Kafka. It represents a new wave of dystopian and surrealist fiction from Middle Eastern writers who are grappling with the chaotic aftermath and stinging disappointments of the Arab Spring." -- The New York Times Winner of the English PEN Translation Award In a surreal, but familiar, vision of modern day Egypt, a centralized authority known as 'the Gate' has risen to power in the aftermath of the

'Disgraceful Events,' a failed popular uprising. Citizens are required to obtain permission from the Gate in order to take care of even the most basic of their daily affairs, yet the Gate never opens, and the queue in front of it grows longer. Citizens from all walks of life mix and wait in the sun: a revolutionary journalist, a sheikh, a poor woman concerned for her daughter's health, and even the brother of a security officer killed in clashes with protestors. Among them is Yehia, a man who was shot during the Events and is waiting for permission from the Gate to remove a bullet that remains lodged in his pelvis. Yehia's health steadily declines, yet at every turn, officials refuse to assist him, actively denying the very existence of the bullet. Ultimately it is Tarek, the principled doctor tending to Yehia's case, who must decide whether to follow protocol as he has always done, or to disobey the law and risk his career to operate on Yehia and save his life. Written with dark, subtle humor, *The Queue* describes the sinister nature of

authoritarianism, and illuminates the way that absolute authority manipulates information, mobilizes others in service to it, and fails to uphold the rights of even those faithful to it.

Exit Emperor Kim Jong-il John H. Cha; K. J. Sohn

2012-02-29 In *Exit Emperor Kim Jong-il*, authors John H. Cha and K. J. Sohn present a compelling portrait of two men caught up in a struggle for the survival of North Korean society. The product of an eight-year study of individuals who observed and worked under Kim Jong-il, the dictator of North Korea for over thirty years, this biography provides insight into the Kim's family corruption of power. The story is told through the eyes of Hwang Jang-yop, a renowned philosopher and writer, former International Secretariat of North Korea, and mentor to Kim Jong-il. It narrates Hwang's journey in his battle against Kim's greed for power. It reveals a three-dimensional portrait of Kim Jong-il rarely chronicled, from Kim's early days and rise to power to his economic crisis and his continual power struggle. As well as recording the life of Kim, *Exit Emperor Kim Jong-il* recounts Hwang's defection from North Korea so he could tell the world about the corrupt dictatorship and its policies that he felt were responsible for the

massive famine in North Korea. Through testimonies from Hwang and other defectors from North Korea, this biography reveals what was going on inside the man, Kim Jong-il, and the society he ruled.

De-Bordering Korea Valérie Gelézeau
2013-05-02 As tensions remain on the Korean peninsula, this book looks back on the decade of improved inter-Korean relations and engagement between 1998 and 2008, now known as the 'Sunshine Policy' era. Moving beyond traditional economic and political perspectives, it explores how this decade of intensified cooperation both affected and reshaped existing physical, social and mental boundaries between the two Koreas, and how this 'de-bordering' and 're-bordering' has changed the respective attitudes towards the other. Based around three key themes, 'Space', 'People', and 'Representations', this book looks at the tangible and intangible areas of contact created by North-South engagement during the

years of the Sunshine Policy. 'Space' focuses on the border regions and discusses how the border reflects the dynamics of multiple types of exchanges and connections between the two Koreas, as well as the new territorial structures these have created. 'People' addresses issues in human interactions and social organizations, looking at North Korean defectors in the South, shifting patterns of North-South competition in the 'Korean' diaspora of post-Soviet Central Asia, and the actual and physical presence of the Other in various social settings. Finally, 'Representations' analyses the image of the other Korea as it is produced, circulated, altered/falsified and received (or not) on either side of the Korean border. The contributors to this volume draw on a broad spectrum of disciplines ranging from geography, anthropology and archaeology, to media studies, history and sociology, in order to show how the division between North and South Korea functions as an essential matrix for

geographical, social and psychological structures on both sides of the border. As such, this book will appeal to students and scholars from numerous fields of study, including Korean studies, Korean culture and society, and international relations more broadly.

Conscience in Action Kim Dae-jung 2018-06-20 This book is an English translation of the authoritative autobiography by the late South Korean President Kim Dae-jung. The 2000 Nobel Peace Prize winner, often called the Asian Nelson Mandela, is best known for his tolerant

and innovative “Sunshine Policy” towards North Korea. Written in the five years between the end of his presidency and his death in 2009, this book offers a poignant first-hand account of Korea’s turbulent modern history. It spans the pivotal time span between the Japanese colonial period (1910-1945) and reconciliation in the Korean Peninsula (2000-2009). In between are insightful insider descriptions of everything from wars and dictatorships to the hopeful period of economic recovery, blooming democracy, peace, and reconciliation. *Conscience in Action* serves as an intimate record of the Korean people’s persistent and heroic struggle for democracy and peace. It is also an inspiring story of an extraordinary individual whose formidable perseverance and selfless dedication to the values he believed in led him to triumph despite more than four decades of extreme persecution. [Famine in North Korea](#) Stephan Haggard 2007 "In their carefully researched book, Stephan Haggard and Marcus Noland present the most

comprehensive account of the famine to date, examining not only the origins and aftermath of the crisis but also the regime's response to outside aid and the effect of its current policies on the country's economic future. Their study begins by considering the root causes of the famine, weighing the effects of the decline in the availability of food against its poor distribution. Then it takes a close look at the aid effort, addressing the difficulty of monitoring assistance within the country, and concludes with an analysis of current economic reforms and strategies of engagement."--BOOK JACKET. *The Film Book* Ronald Bergan 2021-03-30 *Willow Tree Shade* John Cha 2002
