

Silent Abuse Control Freddie Power And Sharon Stafford

This is likewise one of the factors by obtaining the soft documents of this **Silent Abuse Control Freddie Power And Sharon Stafford** by online. You might not require more time to spend to go to the book commencement as well as search for them. In some cases, you likewise accomplish not discover the broadcast Silent Abuse Control Freddie Power And Sharon Stafford that you are looking for. It will entirely squander the time.

However below, later you visit this web page, it will be fittingly very simple to get as capably as download lead Silent Abuse Control Freddie Power And Sharon Stafford

It will not say you will many become old as we tell before. You can pull off it even though play a role something else at house and even in your workplace. fittingly easy! So, are you question? Just exercise just what we present under as skillfully as evaluation **Silent Abuse Control Freddie Power And Sharon Stafford** what you in the same way as to read!

Macondo Well Deepwater Horizon Blowout

National Research Council 2012-03-02 The
blowout of the Macondo well on April 20, 2010,

led to enormous consequences for the individuals involved in the drilling operations, and for their families. Eleven workers on the Deepwater Horizon drilling rig lost their lives and 16 others were seriously injured. There were also enormous consequences for the companies involved in the drilling operations, to the Gulf of Mexico environment, and to the economy of the region and beyond. The flow continued for nearly 3 months before the well could be completely killed, during which time, nearly 5 million barrels of oil spilled into the gulf. Macondo Well-Deepwater Horizon Blowout examines the causes of the blowout and provides a series of recommendations, for both the oil and gas industry and government regulators, intended to reduce the likelihood and impact of any future losses of well control during offshore drilling. According to this report, companies involved in offshore drilling should take a "system safety" approach to anticipating and managing possible dangers at every level of

operation -- from ensuring the integrity of wells to designing blowout preventers that function under all foreseeable conditions-- in order to reduce the risk of another accident as catastrophic as the Deepwater Horizon explosion and oil spill. In addition, an enhanced regulatory approach should combine strong industry safety goals with mandatory oversight at critical points during drilling operations. Macondo Well-Deepwater Horizon Blowout discusses ultimate responsibility and accountability for well integrity and safety of offshore equipment, formal system safety education and training of personnel engaged in offshore drilling, and guidelines that should be established so that well designs incorporate protection against the various credible risks associated with the drilling and abandonment process. This book will be of interest to professionals in the oil and gas industry, government decision makers, environmental advocacy groups, and others who seek an understanding of the processes involved

in order to ensure safety in undertakings of this nature.

We Hold this Treasure Steven E. Koop 1998
Based Upon interviews and correspondence with more than four hundred former patients, *We Hold This Treasure* is the inspiring story of the first state-funded hospital in the United States to provide care for indigent, handicapped children. *Rose Neighborhood Sketches, Wayne County, New York* Alfred Seelye Roe 1893

The Macho Paradox Jackson Katz 2019-06-04 A fully revised and updated edition to a classic bestseller, *The Macho Paradox* is the first book to show how violence against women is a men's issue—and how all genders can come together to stop it. From the #MeToo movement to current discussions about gender norms in schools, sports, politics, and media culture, *The Macho*

Paradox incorporates the voices and experiences of the women, men, and others who have confronted the problem of gender violence from all angles. Bestselling author Jackson Katz is a pioneering educator and activist on the topic of men's violence against women. In this revised edition of his heralded book, Katz outlines the ways in which cultural ideas about "manhood" contribute to men's sexually harassing and abusive behaviors and that men have a positive role to play in challenging and changing the sexist cultural norms that too often lead to gender violence. This important book for abused women covers topics ranging from mental and emotional abuse to sexual harassment to domestic violence and is a vital read for women with controlling partners or as a self-help book for men. Praise for *The Macho Paradox*: "A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women."—Booklist "If only men would read Katz's book, it could serve as a potent form

of male consciousness-raising."—Publishers Weekly "These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority."—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry and Controlling Men* *The Blackwell Encyclopedia of Sociology, 11 Volume Set* George Ritzer 2007-01-23 Named a Best Reference Work for 2009 by Library Journal The Blackwell Encyclopedia of Sociology is published in both print and online. Arranged across eleven volumes in A-Z format, it is the definitive reference source for students, researchers, and academics in the field. This ground-breaking project brings together specially commissioned entries written and edited by an international team of the world's best scholars and teachers. It provides: "This is an example of a reference book turned into an e-

product intelligently and in a way that transcends the print." - Library Journal An essential reference for expert and newcomer alike, with entries ranging from short definitions of key terms to extended explorations of major topics Provides clear, concise, expert definitions and explanations of the key concepts Presents materials that have historically defined the discipline, but also more recent developments, significantly updating the store of sociological knowledge Introduces sociological theories and research that have developed outside of the United States and Western Europe Offers sophisticated cross-referencing and search facilities Features a timeline, lexicon by subject area, bibliography, and index 11 Volumes www.sociologyencyclopedia.com Updating **Alice Walker's The Color Purple** Christopher Hubert 1996 Presents a guide to reading and understanding "The Color Purple," the story of two African-American sisters told through their letters to each other; featuring an introduction

to the novel and its author, historical background, a list of characters, a plot summary, and letter summaries, analyses, and study questions.

Improvising Theory Allaine Cerwonka

2008-11-15 Scholars have long recognized that ethnographic method is bound up with the construction of theory in ways that are difficult to teach. The reason, Allaine Cerwonka and Liisa H. Malkki argue, is that ethnographic theorization is essentially improvisatory in nature, conducted in real time and in necessarily unpredictable social situations. In a unique account of, and critical reflection on, the process of theoretical improvisation in ethnographic research, they demonstrate how both objects of analysis, and our ways of knowing and explaining them, are created and discovered in the give and take of real life, in all its unpredictability and immediacy. *Improvising Theory* centers on the year-long correspondence between Cerwonka, then a graduate student in

political science conducting research in Australia, and her anthropologist mentor, Malkki. Through regular e-mail exchanges, Malkki attempted to teach Cerwonka, then new to the discipline, the basic tools and subtle intuition needed for anthropological fieldwork. The result is a strikingly original dissection of the processual ethics and politics of method in ethnography.

In Defense of Looting Vicky Osterweil

2020-08-25 A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy. Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the

working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. *In Defense of Looting* is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

Deepwater Horizon Accident Investigation

Report Mark Bly 2011-01 This is a print on demand edition of a hard to find publication. On April 20, 2010, a well control event allowed hydrocarbons to escape from the Macondo well onto Transocean's Deepwater Horizon,

resulting in explosions and fire on the rig. This is the report of an internal BP incident investigation team. It presents an analysis of the events leading up to the accident, 8 key findings related to the causal chain of events, and recommendations to enable the prevention of a similar accident. The investigation team worked separately from any investigation conducted by other companies involved in the accident, and it did not review its analyses, conclusions or recommendations with any other company or investigation team. Other investigations, such as the U.S. Coast Guard, U.S. Justice Dept., and Bur. of Ocean Energy Mgmt., and the Pres. Nat. Comm. are ongoing. *The Case for Marriage* Linda Waite 2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the

authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis,

penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com Software Studies Matthew Fuller 2008 This collection of short expository, critical and speculative texts offers a field guide to the cultural, political, social and aesthetic impact of software. Experts from a range of disciplines each take a key topic in software and the understanding of software, such as algorithms and logical structures. History of New London, Connecticut Frances

Silent Abuse, Control Freddie Power & Sharon Stafford 2014-06-30 Are you searching for understanding, guidance, and release from the grip of a loved one's verbal beatings and never-ending mind games? Have you constantly been made to feel devalued, incapable, and ignored? At times, do you feel like you are living with a caring loved one who, without warning, rages into a monster? This book can help provide many of the answers you've been seeking. Controlling behavior is a very real form of abuse that verbally, mentally, and psychologically batters a person into a state of defeat, virtually erasing any self-esteem or confidence. It is "silent

abuse" because it is the most undetectable, common, and misunderstood form of abuse that exists today. Its affects are so devastating because it ever so slowly creeps in, striking unexpectedly from the mouth of a loved one and emotionally paralyzing a person, over time destroying all hope and joy for life. The first step in dealing with this abuse is to recognize it in every form it takes. Learn by example through relatable, attention-grabbing stories based on facts, told from the point of view of people who have experienced this specific type of abuse. These personal stories expose the common behavior and characteristics of controlling abusers. Abuse doesn't care who you are; what your age, ethnicity, or social class is—it doesn't discriminate. It is important to understand that abuse in any form is never deserved or acceptable. These inspiring stories will give you hope and leave you feeling encouraged through the true accounts of people who have emerged from a dark pit of despair as they were guided to

the source of needed strength to prevail. It is time to feel encouraged knowing that there is a very real possibility of life and more abundantly where you may not think it could exist. A life without control and verbal abuse is possible and accessible!

Beyond Nineteen Eighty-four William Lutz 1989 This book probes the efforts at manipulation individuals face daily in this information age and the tactics of persuaders from many sectors of society using various forms of Orwellian "doublespeak." The book contains the following essays: (1) "Notes toward a Definition of Doublespeak" (William Lutz); (2) "Truisms Are True: Orwell's View of Language" (Walker Gibson); (3) "Mr. Orwell, Mr. Schlesinger, and the Language" (Hugh Rank); (4) "What Do We Know?" (Charles Weingartner); (5) "The Dangers of Singlespeak" (Edward M. White); (6) "The Fallacies of Doublespeak" (Dennis Rohatyn); (7) "Doublespeak and Ethics" (George R. Bramer); (8) "Post-Orwellian

Refinements of Doublethink: Will the Real Big Brother Please Stand Up?" (Donald Lazere); (9) "Worldthink" (Richard Ohmann); (10) "Bullets Hurt, Corpses Stink': George Orwell and the Language of Warfare" (Harry Brent); (11) "Political Language: The Art of Saying Nothing" (Dan F. Hahn); (12) "Fiddle-Faddle, Flapdoodle, and Balderdash: Some Thoughts about Jargon" (Frank J. D'Angelo); (13) "How to Read an Ad: Learning to Read between the Lies" (D. G. Kehl); (14) "Subliminal Chainings: Metonymical Doublespeak in Advertising" (Don L. F. Nilsen); (15) "Doublespeak and the Polemics of Technology" (Scott Buechler); (16) "Make Money, Not Sense: Keep Academia Green" (Julia Penelope); (17) "Sensationspeak in America" (Roy F. Fox); and (18) "The Pop Grammarians-- Good Intentions, Silly Ideas, and Doublespeak" (Charles Suhor). Three appendixes are attached: "The George Orwell Awards," "The Doublespeak Award," and "The Quarterly Review of Doublespeak." (MS)

Federal Conflict of Interest Law Bayless Manning 2013-10-01

History of Wyoming (Second Edition) T. A. Larson 1990-08-01 "The History of Wyoming" explains detailed information of territorial and state developments. This second edition also includes the post-World War II chapters containing discussion about the economy, society, culture and politics not included on the previous edition.

Made to Break Giles Slade 2009-06-30 *Made to Break* is a history of twentieth-century technology as seen through the prism of obsolescence. Giles Slade explains how disposability was a necessary condition for America's rejection of tradition and our acceptance of change and impermanence. This book gives us a detailed and harrowing picture of how, by choosing to support ever-shorter product lives, we may well be shortening the future of our way of life as well.

The Memorial History of Hartford County,

Connecticut, 1633-1884 James Hammond Trumbull 1886

Hands Free Mama Rachel Macy Stafford 2014-01-07 "Rachel Macy Stafford's post "The Day I Stopped Saying Hurry Up" was a true phenomenon on The Huffington Post, igniting countless conversations online and off about freeing ourselves from the vicious cycle of keeping up with our overstuffed agendas. Hands Free Mama has the power to keep that conversation going and remind us that we must not let our lives pass us by." --Arianna Huffington, Chair, President, and Editor-in-Chief of the Huffington Post Media Group, nationally syndicated columnist, and author of thirteen books <http://www.huffingtonpost.com/> DISCOVER THE POWER, JOY, AND LOVE of Living "Hands Free" If technology is the new addiction, then multi-tasking is the new marching order. We check our email while cooking dinner, send a text while bathing the kids, and spend more time looking into

electronic screens than into the eyes of our loved ones. With our never-ending to-do lists and jam-packed schedules, it's no wonder we're distracted. But this isn't the way it has to be. In July 2010, special education teacher and mother Rachel Macy Stafford decided enough was enough. Tired of losing track of what matters most in life, Rachel began practicing simple strategies that enabled her to momentarily let go of largely meaningless distractions and engage in meaningful soul-to-soul connections. She started a blog to chronicle her endeavors and soon saw how both external and internal distractions had been sabotaging her happiness and preventing her from bonding with the people she loves most. Hands Free Mama is the digital society's answer to finding balance in a media-saturated, perfection-obsessed world. It doesn't mean giving up all technology forever. It doesn't mean forgoing our jobs and responsibilities. What it does mean is seizing the little moments that life offers us to engage in

real and meaningful interaction. It means looking our loved ones in the eye and giving them the gift of our undivided attention, leaving the laundry till later to dance with our kids in the rain, and living a present, authentic, and intentional life despite a world full of distractions. So join Rachel and go hands-free. Discover what happens when you choose to open your heart—and your hands—to the possibilities of each God-given moment.

The Ash Warriors C. R. Anderegg 2000 In November 1991 the American flag was lowered for the last time at Clark Air Base in the Philippines. This act brought to an end American military presence in the Philippines that extended back over 90 years. It also represented the final act in a drama that began with the initial rumblings in April of that year of the Mount inatubo volcano, located about nine miles to the east of Clark. This book tells the remarkable story of the men and women of the Clark community and their ordeal in planning for

and carrying out their evacuation from Clark in face of the impending volcanic activity. It documents the actions of those who remained on the base during the series of Mount Pinatubo's eruptions, and the packing out of the base during the subsequent months. This is the story of the Ash Warriors, those Air Force men and women who carried out their mission in the face of an incredible series of natural disasters, including volcanic eruption, flood, typhoons, and earthquakes, all of which plagued Clark and the surrounding areas during June and July 1991.

Prominent Families of New York Lyman Horace Weeks 1898

Female Masculinity Judith Halberstam 1998
Masculinity without men. In *Female Masculinity* Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years. Providing the first full-length study on this subject, Halberstam catalogs the diversity of gender expressions

among masculine women from nineteenth-century pre-lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. She rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity. She considers the enigma of the stone butch and the politics surrounding butch/femme roles within lesbian communities. She also explores issues of transsexuality among "transgender dykes"--lesbians who pass as men--and female-to-male transsexuals who may find the label of "lesbian" a temporary refuge. Halberstam also tackles such topics as women and boxing, butches in Hollywood and independent cinema, and the phenomenon of male impersonators. *Female Masculinity* signals a new understanding of

masculine behaviors and identities, and a new direction in interdisciplinary queer scholarship. Illustrated with nearly forty photographs, including portraits, film stills, and drag king performance shots, this book provides an extensive record of the wide range of female masculinities. And as Halberstam clearly demonstrates, female masculinity is not some bad imitation of virility, but a lively and dramatic staging of hybrid and minority genders.

Books in Print Supplement 2002

Sound, Image, Silence Michael Gaudio
2019-11-26 A visionary new approach to the Americas during the age of colonization, made by engaging with the aural aspects of supposedly “silent” images Colonial depictions of the North and South American landscape and its indigenous inhabitants fundamentally transformed the European imagination—but how did those images reach Europe, and how did they make their impact? In *Sound, Image, Silence*, noted art historian Michael Gaudio

provides a groundbreaking examination of the colonial Americas by exploring the special role that aural imagination played in visible representations of the New World. Considering a diverse body of images that cover four hundred years of Atlantic history, *Sound, Image, Silence* addresses an important need within art history: to give hearing its due as a sense that can inform our understanding of images. Gaudio locates the noise of the pagan dance, the discord of battle, the din of revivalist religion, and the sublime sounds of nature in the Americas, such as lightning, thunder, and the waterfall. He invites readers to listen to visual media that seem deceptively couched in silence, offering bold new ideas on how art historians can engage with sound in inherently “mute” media. *Sound, Image, Silence* includes readings of Brazilian landscapes by the Dutch painter Frans Post, a London portrait of Benjamin Franklin, Thomas Edison’s early Kinetoscope film *Sioux Ghost Dance*, and the work of Thomas Cole, founder of

the Hudson River School of American landscape painting. It masterfully fuses a diversity of work across vast social, cultural, and spatial distances, giving us both a new way of understanding sound in art and a powerful new vision of the New World.

Peace Education for Violence Prevention in Fragile African Societies Maphosa, Sylvester B. 2019-02-10 Though conflicts among (African) nations diminished at the end of the last millennium, the need for peace remains a perennial concern for African citizens within their communities and countries. Once again, Maphosa and Keasley have engaged a collection of scholar practitioners to address the query 'What's Going to Make a Difference in Contemporary Peace Education around Africa?' The contributing authors draw from daily headlines as well as African literature to unearth twenty-first century quandaries with which educators in formal and informal contexts are called upon to grapple. The 'What's Going to

Make a Difference' authors offer insights to educators, peace education practitioners and parents for everyday living. The authors probe the wisdom of the recent and ancient past and bring forth pearls for contemporary moments. All in discerning effort to respond to the guiding question, the editors and their contributing colleagues deliver a compelling set of revelations for Making a Difference in Peace Education for African and world citizens.

Encyclopedia of Adolescence Roger J.R. Levesque 2011-09-05 The Encyclopedia of Adolescence breaks new ground as an important central resource for the study of adolescence. Comprehensive in breath and textbook in depth, the Encyclopedia of Adolescence - with entries presented in easy-to-access A to Z format - serves as a reference repository of knowledge in the field as well as a frequently updated conduit of new knowledge long before such information trickles down from research to standard textbooks. By making full use of Springer's print

and online flexibility, the Encyclopedia is at the forefront of efforts to advance the field by pushing and creating new boundaries and areas of study that further our understanding of adolescents and their place in society.

Substantively, the Encyclopedia draws from four major areas of research relating to adolescence. The first broad area includes research relating to "Self, Identity and Development in Adolescence". This area covers research relating to identity, from early adolescence through emerging adulthood; basic aspects of development (e.g., biological, cognitive, social); and foundational developmental theories. In addition, this area focuses on various types of identity: gender, sexual, civic, moral, political, racial, spiritual, religious, and so forth. The second broad area centers on "Adolescents' Social and Personal Relationships". This area of research examines the nature and influence of a variety of important relationships, including family, peer, friends, sexual and romantic as well

as significant nonparental adults. The third area examines "Adolescents in Social Institutions". This area of research centers on the influence and nature of important institutions that serve as the socializing contexts for adolescents. These major institutions include schools, religious groups, justice systems, medical fields, cultural contexts, media, legal systems, economic structures, and youth organizations. "Adolescent Mental Health" constitutes the last major area of research. This broad area of research focuses on the wide variety of human thoughts, actions, and behaviors relating to mental health, from psychopathology to thriving. Major topic examples include deviance, violence, crime, pathology (DSM), normalcy, risk, victimization, disabilities, flow, and positive youth development.

Why Study History? John Fea 2013-09-15 What is the purpose of studying history? How do we reflect on contemporary life from a historical perspective and can such reflection help us

better understand ourselves, the world around us, and the God we worship and serve? In this introductory textbook, accomplished historian John Fea shows why Christians should study history, how faith is brought to bear on our understanding of the past, and how studying the past can help us more effectively love God and others. Deep historical thinking can relieve us of our narcissism; cultivate humility, hospitality, and love; and transform our lives more fully into the image of Jesus Christ.

Hurricane Katrina Cynthia A. Bascetta 2009
The Postal Record 1920

Barack Obama's America John Kenneth White 2018-03-22 "White's Barack Obama's America eloquently captures both the important nuances of the current political scene and its long-term consequences." ---Richard Wirthlin, former pollster for Ronald Reagan "This delightfully written and accessible book is the best available account of the changes in culture, society, and politics that have given us Barack Obama's

America." ---Stan Greenberg, pollster for Bill Clinton and Chairman and CEO of Greenberg Quinlan Rosner Research "From one of the nation's foremost experts on how values shape our politics, a clear and compelling account of the dramatic shifts in social attitudes that are transforming American political culture. White's masterful blend of narrative and data illuminates the arc of electoral history from Reagan to Obama, making a powerful case for why we are entering a new progressive political era." ---Matthew R. Kerbel, Professor of Political Science, Villanova University, and author of *Netroots* "John Kenneth White is bold. He asks the big questions . . . Who are we? What do we claim to believe? How do we actually live? What are our politics? John Kenneth White writes compellingly about religion and the role it played in making Barack Obama president. White's keen insight into America's many faiths clarifies why Barack Obama succeeded against all odds. It is a fascinating description of religion

and politics in twenty-first-century America---a must-read." ---Kathleen Kennedy Townsend, former Lieutenant Governor of Maryland and author of *Failing America's Faithful* "In Barack Obama's America, John Kenneth White has written the political equivalent of Baedeker or Michelin, the definitive guide to and through the new, uncharted political landscape of our world. White captures and explains what America means---and what it means to be an American--- in the twenty-first century." ---Mark Shields, nationally syndicated columnist and political commentator for PBS NewsHour "John White has always caught important trends in American politics that others missed. With his shrewd analysis of why Barack Obama won, he's done it again." ---E. J. Dionne, Jr., Senior Fellow, Brookings Institution, and University Professor in the Foundations of Democracy and Culture at Georgetown University The election of Barack Obama to the presidency marks a conclusive end to the Reagan era, writes John Kenneth White in

Barack Obama's America. Reagan symbolized a 1950s and 1960s America, largely white and suburban, with married couples and kids at home, who attended church more often than not. Obama's election marks a new era, the author writes. Whites will be a minority by 2042. Marriage is at an all-time low. Cohabitation has increased from a half-million couples in 1960 to more than 5 million in 2000 to even more this year. Gay marriages and civil unions are redefining what it means to be a family. And organized religions are suffering, even as Americans continue to think of themselves as a religious people. Obama's inauguration was a defining moment in the political destiny of this country, based largely on demographic shifts, as described in *Barack Obama's America*. John Kenneth White is Professor of Politics at the Catholic University of America in Washington, D.C. Cover image: "Out of many, we are one: Dare to Hope: Faces from 2008 Obama Rallies" by Anne C. Savage, view and buy full image at
