Sexual Ethics Robert Michele
1916

A Sexual Odyssey Kenneth E.
Maxwell 2013-11-11 The Brave
New World of Sex We've seen
in less than a generation a
swift revolution in human

sexual behavior, attitude, and
consequences so dramatic that
some people are left in a state
of stunned dismay and the
public at large in aimless
confusion. Much of the trend, if
you can call a revolu tion a
trend, is fueled by, or at least

A Story Of Ethics How Sex Creates Order Jochen Gottwald

made possible by, technological innovations dating back to the middle of the twentieth century. The birth control pill opened the gate to promiscuity with little fear of pregnancy; marriage became an annoyance; divorce became an opportunity; two working parents became a necessity; and teenage sex became nearly as socially acceptable as holding hands or going to the movies. The population explosion resulted in a spiraling epidemic of children giving birth to children, many of them on welfare. Girls seeking relief through abortions were sometimes forced to have their unwanted offspring despite the inevitability of some of them living in poverty and a desperate dead-end environment of squalor and crime. Some misguidedly wanted babies and ended up the same way. To top it all, discipline 2 A Sexual Odyssey became a lost art, leaving schools and neighborhoods infested with gun-toting, knife-wielding teenage delinquents-

even in middle-class areas-who engaged in contests to see who could get the most girls knocked up. The chaotic state of fornication, mating, and birthing may be a throwback to the past.

The Ethics of Sexual Acts René Guyon 1934

Sexuality and Medicine E.E. Shelp 2012-12-06 It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake. Some people characterize society as too sexually obsessed, and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly discussed, displayed, taught or even, presumed, contemplated. Indeed, we are experiencing something of a backlash against open sexuality and sexual liberation. For example, during the '60s and '70s tolerance of homosexual persons and homosexuality increased. Of late there has been a conservative backlash

against gay-rights laws. Sexual intercourse before marriage, which had been considered healthy and good, has been, of late, characterized as promiscuous. In fact, numerous articles have appeared about the growing popularity of sexual abstinence. There is a renewed vigor in the fight against sex education in the schools, and an 'anti-pornography' battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape, but who are basically uncomfortable with diverse expressions of sexuality. One would hope that such trends, and the ignorance about sex and sexuality that they reflect, would not touch medical professionals. That Dr. *Sexuality and Gender in Postcommunist Eastern Europe and Russia* Theo Sandfort 2005 *Sexuality and Gender in Postcommunist Eastern Europe and Russia* is a groundbreaking look at the new sexual reality in Central, Eastern, and Southeast Europe after the fall

of communism. The book presents the kind of candid discussion of sexual identities, sexual politics, and gender arrangements that was often censored and rarely discussed openly before the breakup of the Soviet Union in 1987. Authors from a variety of disciplines examine how the changes caused by rapid economic and social transformation have affected human sexuality and if those changes can generate the social tolerance necessary to produce a well-rooted democracy. Handy tables and figures make the information easy to access and understand. To view an excerpt online, find the book in our QuickSearch catalog at www.HaworthPress.com.

The Sexual Revolution

Wilhelm Reich 2013-07-02 In this book, Wilhelm Reich summarizes the criticism of the prevailing sexual conditions and conflicts as it resulted from his sex-economic medical experiences over a period of years. He demonstrates, by way of individual examples, the general basic traits of the conflicts in present-day sexual living, dealing particularly with the institution of marriage and the revolution in family life as well as with the problems of infantile and adolescent sexuality. He also presents a detailed and revealing study of the sexual revolution that occurred briefly in Soviet Russia in the first few years of

their economic revolution. "What we are living through," Reich states, "is a genuine, deep-reaching revolution of cultural living [which] goes to the roots of our emotional, social, and economic existence...The senses of the animal, man, for his natural life functions are awakening from a sleep of thousands of years." The Sexual Crisis Grete Meisel-Hess 1917

process, and thank you for being an important part of keeping this knowledge alive and relevant.

Sex & Character Otto Weininger 1906 "This book is an attempt to place the relations of Sex in a new and decisive light. It is an attempt not to collect the greatest possible number of distinguishing characters, or to arrange into a system all the results of scientific measuring and experiment, but to refer to a single principle the whole contrast between man and woman. In this respect the book differs from all other works on the same subject. It does not linger over this or that detail, but presses on to its ultimate goal; it does not heap investigation on investigation, but combines the psychical differences between the sexes into a system; it deals not with women, but with woman. It sets out, indeed, from the most common and obvious facts, but intends to reach a single, concrete principle. This is not "inductive metaphysics"; it is a gradual approach to the heart

A Story Of Ethics How Sex Creates Order Jochen Gottwald

of psychology"--Preface. (PsycINFO Database Record (c) 2010 APA, all rights reserved). *Sexual Life in Sweden* Hans Zetterberg 2021-10-15 Now available in English, *Sexual Life in Sweden* is a classic piece of sex research by one of Sweden's most distinguished social scientists. Sponsored by the Royal Commission on Sex Education more than thirty years ago, it remains the only study of sexual behavior in a randomly selected adult population sample ever funded by a government. Because an astonishing response rate was achieved (91 percent) during the course of Zetterberg's research, the claim that Sweden is one of the few countries where generalizations about national sexual behavior can be made may be stated with confidence. Zetterberg's study matches the gender of interviewers to that of subjects. From a theoretical perspective, Zetterberg analyzes the change in Sweden from a "restrictive" to a "contraceptive" society. The study makes it clear that, with

over 1,000 acts of intercourse for every live birth, 90 percent of sexual activity between consenting adults in modern Sweden does not result simply for procreation. Nevertheless, the research yields a picture of a highly responsible society. Zetterberg explores the emergence of two powerful new norms: "when having sex, you must use contraception," and "when in an existing sexual relationship, you must not start another one." He also examines the issue of abortion as part of a concept of social justice. The author compares the behavior of those who experience an unwanted pregnancy with those who do not, and explains that abortion is seen by Swedes as part of the provision of the welfare and social justice system. Included is an examination of the sexual behavior of young people—the age of their first sexual experience, the circumstances surrounding it, whether positive parental involvement in their children's lives has any influence on their sexual conduct, and sex education

programs in the schools. This translation of Zetterberg's study has been prepared by British sociologist Graham Fennell, who also authored a new introduction positioning Zetterberg's work in the history of sex research and comparing its findings with contemporary studies in Scandinavia, Western Europe, and North America. In light of the ongoing controversies about sex education, its conclusions remain relevant to policy discussions today

Sexual Ethics Robert Michels
2015-06-25 Excerpt from
Sexual Ethics: A Study of
Borderland Questions In
former times England was a country in which sexual problems - although, as everywhere, they were then exiled from the domain of science - had a free right of entry into the field of letters. During the nineteenth century, however, for reasons which cannot here be discussed, England became fiercely hostile to all literary study or discussion of questions of sex. Whilst elsewhere, and above all

in France, Germany, Russia, and Scandinavia, there sprang into existence a new literature, in part fictional, and in part scientific, dealing, under infinite shades of tendency and with an almost maternal care, with the supreme problems of the human sexual life, England appeared to veil its countenance before such problems. The door was wrathfully slammed in the face of these inopportune and undesired guests. Of late years, however, there has been a change. Men of courage and of insight, in science as well as in literature, have devoted themselves to the establishment of a better order, not only by the method of critical revolt, but also by the method of research, and have sought to unfold the inner philosophy of the relations between the sexes. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.

Sex & Character Otto Weininger 2020-04-06 On October 4, 1903, Otto Weininger died by his own hand, at the age of twenty-three and a half years. There is perhaps in all history no other instance of a man who had produced a work so mature in its scientific character, and so original in its philosophical aspect as "Sex and Character" when he was no more than twenty-one years old. We will not attempt to decide whether this was the case of a genius, who, instead of developing his intellectual powers gradually in

the course of a lifetime, concentrated them in one mighty achievement, and then cast off the worn-out husk of the flesh, or of an unhappy youth, who could no longer bear the burden of his own ghastly knowledge. "Sex and Character" is undoubtedly one of those rare books that will be studied long after its own times, and whose influence will not pass away, but will penetrate deeper and deeper, compelling amazement and inviting reflection in steadily expanding circles.

Fucking Law Victoria Brooks 2019-06-28 *Fucking Law* is an urgent call for everyone, not just academics and researchers, to find inventive ways to question the ethics of sexuality. Since a sex life is full of so many diverse moments of joy and suffering, for each and everybody, the book attempts to bridge a gap between philosophical and non-philosophical questioning. Central to the book is the reality that everyone can challenge the ethics and laws of sexuality and ask questions,

even where they seem frightening, or worse, even when we are told not to - by institutions and lovers alike. Non-philosophical and accessible, *Fucking Law* is risky, explicit and provocative as it bridges the gap between academic and every-day questioning of sexual encounters.

Marriage and the Sex-problem
Friedrich Wilhelm Foerster
1911

Sex and Dehumanization David Holbrook 2018-04-24 Never before published in the United States, David Holbrook's study offers the sort of common sense all too uncommon in this area of study. His essential premise is that sex has become converted from an instrument for the expression of happiness and affection into an end unto itself. In the search for sexual liberation, all that has been accomplished is the mechanization of sexuality and the destruction of the full range of emotions that nourish the human search for social and biological meaning. *Sex and Dehumanization* is one of

those rare books that will immediately strike the reader as part of the common wisdom that has somehow been lost in a search for the pleasure principle unhinged from other values and goals. During the past quarter century, Holbrook argues, not only has the concept of sex become increasingly separated from the rest of existence, but sex casualties have increased disastrously. The spread of AIDS has brought an ominous and deadly manifestation of this thesis into the human equation, yet at the same time the response to this menace has been nothing short of manic denial. A similar picture emerges in less deadly forms. Whatever statistics one examines, whether those of sexual activity among young children, abortion, or sexual disease, one finds a grim antidote to any hopes of progress in the sphere of human dealings with the sexual. Holbrook locates many of the problems involved in this separation of sex and affection in the emergence of the idea

A Story Of Ethics How Sex Creates Order Jochen Gottwald

that our lives are governed by impersonal forces beyond human control. Sex and Dehumanization is in the great tradition of social history and psychiatric analysis. Robert Nye, writing in the Scotsman, says that "Holbrook's diagnosis of our unease should be attentively studied by all who really care about sex and love and the responsibility of freedom." Gabriel Pearson, in the Guardian echoes this sentiment, adding that "never has such a secular ethic been so firmly and urgently and usefully stated." And John Rex sees the book "as containing the germs of important and central moral discussion."

A Problem in Modern Ethics

The Sexual Life of Our Time in Its Relation to Modern Civilization

Iwan Bloch 1914

A Story of Ethics - how Sex

Creates Order Jochen Gottwald

2007-12 Seminar paper from

the year 2003 in the subject

Politics - Political Theory and

the History of Ideas Journal,

grade: 2.0 (B), National

University of Singapore

(Faculty of Arts and Social

Sciences), course: Comparative

Political Thought: East and

West, 8 entries in the

bibliography, language:

English, abstract: In this essay

I will try to draw an analogy to

the State of Nature as it is

mentioned by Hobbes, stating

that the driving forces of

sexuality lead to a dilemma situation similar to the one Hobbes describes. I will also argue that the emerging anarchic order calls for a different mode to legitimate authority. Finally an examination of different cultural and ideological approaches towards gender and family should help to answer the question: who rules why? It's a snapshot of interfaces between psychological, sub-cultural and cultural premises, available to be exploited for political reason.

The Ethics of Sexual Acts René Guyon 1948

The Philosophy of Sex Alan Soble 1991 Now in its third edition, this fascinating book illustrates how a philosophical approach to sexuality can shed light on various sexual phenomena, such as pornography, prostitution, sadomasochism, homosexuality, masturbation, sexual perversion, and adultery. A definitive work on a provocative topic.

Invented Moralities Jeffrey

Weeks 2013-05-28 This is an important intervention in debates on the family and sexuality, exploring clashes over sexual values and contemporary sexual dilemmas such as AIDS.

Sexual Life in Sweden Hans L. Zetterberg A review of sexual behaviour in Sweden.

Sponsored by the Royal Commission on Sexual Education, it uses a randomly-selected adult population sample, with a 92 per cent response rate. It explores the evolution of western sexual behaviour in the light of controversies about sexual education.

The Ethics of Sex Helmut Thielicke 1964

Sexuality and Its Discontents Jeffrey Weeks 2002-05-03 Few topics evoke so much anxiety and pleasure, pain and hope, discussion and silence as sexuality. Throughout the Christian era it has been a major moral preoccupation. Since the eighteenth century it has also been the focus of 'scientific' exploration and political activity. But, despite

this obsessive concern, we are still as baffled as our predecessors about the 'true' meaning of sex. In this book Jeffrey Weeks unravels the dense web of historical, theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values. The book begins with a powerful evocation of our present discontents and their potent signs: the rise of the New Right, the retreat of progressive forces and a wave of moral panics around sex. It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality, whilst claiming a privileged access to truth. The author then examines radical debates of recent years, and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality. From this analysis emerges a controversial 'radical pluralist' approach to sexuality built on an acceptance of diversity and choice. By linking our present discontents to a clear

understanding of the past, Jeffrey Weeks presents a rational, optimistic and challenging vision of a realizable future.

Rational Sex Ethics W. F. Robie 2018-03-25 Excerpt from Rational Sex Ethics: A Physiological and Psychological Study of the Sex Lives of Normal Men and Women, With Suggestions for a Rational Sex Hygiene With Reference to Actual Case Histories My amusements have been, reading all kinds of fiction, philately, boating and an occasional half day hunting or fishing. These, with an evening now and then at the club, at pool or whist, or an occasional evening at the opera, complete the list, I think. I have been busy and in perfect health. My powers of endurance of physical and mental fatigue are, I think, unusual. I frequently go several consecutive days and nights without sleep with little noticeable discomfort. I am, first, last and all the time, an optimist; I ate, for many years, four meals a day; I sleep,

ordinarily, three to eight hours a night, and at 43 look ten years older because of being very gray. All summer I spend from 10 to 14 hours a day in ordinary farm work and much time in similar employment all the year around. My family consists of a wife and six children. The ages of the children are respectively 19, 18, 16, 15, 10 and 3. One other child lived but a few hours. This family, fairly large according to present-day standards, has been sought rather than avoided by both my wife and myself. Philosophy & Sex Robert Baker 1975

Sex & Character Otto Weininger 2016-06-04 Sex and Character (German: Geschlecht und Charakter) is a book published in 1903 by Otto Weininger. This work is a prime example of the conflicting discourses central to its time: antisemitism, scientific racism and biologism, misogyny, the cult and crisis of masculinity, psychological introspection versus empiricism, German idealism, the women's movement and the idea of human emancipation, the quest for sexual liberation, and the debates about homosexuality. Combining rational reasoning with irrational outbursts, in the context of today's scholarship, Sex and Character speaks to issues of gender, race, cultural identity, the roots of Nazism,

and the intellectual history of modernism and modern European culture.

Good Sex Raymond A. Belliotti 1993 Rules about sexuality, written and unwritten, have existed in every culture as have disagreements over what is and isn't acceptable. Must morally permissible sex have only one function? Must it be heterosexual? Must it occur within the confines of the institution of marriage? Must it be accompanied by requisite emotions such as love and intimacy?

Sexual Ethics Robert Michels 1914

Sexuality and Medicine E.E. Shelp 2012-12-06 It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake. Some people characterize society as too sexually obsessed, and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly dis cussed, displayed, taught or even,

presumedly, contemplated. Indeed, we are experiencing something of a backlash against open sexuality and sexual liberation. For example, during the '60s and '70s tolerance of homosexual persons and homosexuality increased. Of late there has been a conservative backlash against gay-rights laws. Sexual intercourse before marriage, which had been considered healthy and good, has been, of late, characterized as promiscuous. In fact, numerous articles have appeared about the growing popularity of sexual abstinence. There is a renewed vigor in the fight against sex education in the schools, and an 'anti-pornography' battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape, but who are basically uncomfortable with diverse expressions of sexuality. One would hope that such trends, and the ignorance about sex and sexuality that they reflect, would not touch

Children of the Future

Wilhelm Reich 2013-07-02

Translated by Derek and Inge
Jordan In *Children of the
Future*, Wilhelm Reich shows
how disastrous the exclusion of
genitality is to the young and
its important influence on their
development. In his 1932 work
The Sexual Rights of Youth,
published here in its revised
form, Reich speaks in terms of
what he sees as the real
meaning of the sexual
enlightenment of youth: it is
not the mystery and dangers of
procreation, but the essential
nature of sexuality and the
right of youth to genital
gratification. Reich presents a
new way of seeing the parental
compulsion to teach. In other
chapters, Reich examines
attitudes toward infantile
masturbation, the source of the
human no, and special
disturbances of the young.
Reich's work is substantiated by
his concrete observations and
experiences with children,
including case studies from the

Organomic Infant Research
Center.

Ethics and Sex Igor Primoratz
1999 *Ethics and Sex* presents a
systematic study of the nature
and moral significance of
human sexuality and of the
major issues in sexual
morality. The book is divided
into two main parts. Part One
gives a critical analysis of the
key conceptions of human
sexuality. Part Two discusses
the most important issues in
sexual morality: monogamy;
adultery; prostitution;
homosexuality; paedophilia;
sexual harassment and rape. In
this controversial and

demonstrates that many of the
prohibitions that make up
conventional sexual morality
cannot withstand critical scr.
