An Imperialist Love Story
Amira Jarmakani 2015-07-31 A curious figure stalks the pages of a distinct subset of mass-market romance novels, aptly called “desert romances.” Animalistic yet sensitive, dark and attractive, the desert prince or sheikh emanates manliness and raw, sexual power. In the years since September 11, 2001, the sheikh character has steadily risen in popularity in romance novels, even while depictions of Arab masculinity as backward and violent in nature have dominated the cultural landscape. An Imperialist Love Story contributes to the broader conversation about the

legacy of orientalist representations of Arabs in Western popular culture. Combining close readings of novels, discursive analysis of blogs and forums, and interviews with authors, Jarmakani explores popular investments in the war on terror by examining the collisions between fantasy and reality in desert romances. Focusing on issues of security, freedom, and liberal multiculturalism, she foregrounds the role that desire plays in contemporary formations of U.S. imperialism. Drawing on transnational feminist theory and cultural studies, *An Imperialist Love Story* offers a radical reinterpretation of the war on terror, demonstrating romance to be a powerful framework for understanding how it works, and how it perseveres.

Talking to Strangers

Malcolm Gladwell 2019-09-10
Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State

University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times. *The Sheikh Surgeon's Baby* Meredith Webber 2017-01-21 Charmed by a mother and her little girl Heart surgeon Melissa Cartwright is traveling to Zaheer to tell Sheikh Arun Rahman al'Kawali she is pregnant with his child. She wants nothing from him—she guards her heart as fiercely as he guards his. The Arun learns of Melissa's baby bombshell, and for him marriage is the only answer.
