The Evolution of Sexuality Todd K. Shackelford 2014-09-12 Attraction, mating, reproduction: it is a given that as a species, human beings are concerned with sex. And whether the study compares sexual behaviors of men and women or considers the proportions between nature and nurture, most roads lead back to our distant ancestors and/or our fellow animals. The Evolution of Sexuality collects stimulating new empirical findings and theoretical concepts regarding both familiar themes and emerging areas of interest. Following earlier titles in this series, an interdisciplinary panel of contributors examines topics specific to the whys of male and female sex-related behavior, here ranging from biological bases for male same-sex attraction to the seemingly elusive purpose of the female orgasm. This vantage point between biology and psychology gives readers profound insights not just into human differences and similarities, but also why they continue to matter despite our vast understanding of culture and socialization. And intriguing dispatches from the humanities review sexual themes in classic works of literature and explore the role of parent-offspring conflict in the English Revolution of the seventeenth century. Among the topics covered: Sexual conflict and evolutionary psychology: toward a unified framework. Assortative mating, caste, and class. The functional design and phylogeny of female sexuality. Is oral sex a form of mate retention behavior? Two behavioral hypotheses for the evolution of male homosexuality in humans. Sperm competition and the evolution of human sexuality. The Evolution of Sexuality will attract evolutionary scientists across a variety of disciplines. Faculty, graduate and undergraduate students, and researchers interested in sexuality will find it a springboard for discussion, debate, and further study.

My Dear BB . . . Robert Cumming 2015-06-16 In 1925, the 22-year-old Kenneth Clark (1903–1983) and the legendary art critic and historian Bernard Berenson (1865–1959) met in Italy. From that moment, they began a correspondence that lasted until Berenson's death at age 94. This book makes available, for the first time, the complete correspondence between two of the most influential figures in the 20th-century art world, and gives a new and unique insight into their lives and motivations. The letters are arranged into ten chronological sections, each accompanied by biographical details and providing the context for the events and personalities referred to. They were both talented letter writers: informative, spontaneous, humorous, gossipy, and in their frequent letters they exchanged news and views about art and politics, friends and family life, collectors, connoisseurship, discoveries, books read and written, and travel. Berenson advised Clark on his blossoming career, warning against the museum and commercial art worlds while encouraging his promise as a writer and interpreter of the arts. Above all, these letters trace the development of a deep and intimate friendship.

Dancing in Petersburg Matil'da Feliksovna Kshesinskai[a] 2005 There have been wonderful books about dancing, and superbly evocative ones about old Russia: but here the two themes are fascinatingly wedded. For these are the memoirs of the prima ballerina assoluta of the imperial Russian ballet, Mathilde Kschessinska (the Princess Romanovsky-Krassinsky), with whom, at her first appearance, the Tsarevitch Nicholas fell in love. As a dancer she had few rivals: apart from her marvellous technique she had a star personality, and was adored by the public. At the height of her fame she appeared in London with Diaghilev's company and danced with Nijinsky: she preferred, however, to dance in Russia, and for twenty years she was the adored darling of the great world of Petersburg. After the Revolution, when she was living as an emigre in the South of France, Diaghilev begged her to dance for him in his new Paris season, but to no avail. Kschessinska's memoirs fall roughly into three parts: the glittering fairy-story of her life as prima ballerina in Russia; her flight during the Revolution; and the era in which she established herself as a teacher of the highest rank. It is an extraordinary self-revelation of a great dancer and an utterly human person.
