Tropic of Cancer Henry Miller 2015-06-04 Shocking, banned and the subject of obscenity trials, Henry Miller's first novel *Tropic of Cancer* is one of the most scandalous and influential books of the twentieth century. *Tropic of Cancer* redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a bohemian life among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, *Tropic of Cancer* continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than 60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature. Long hailed as a truly liberating book, daring and uncompromising, *Tropic of Cancer* is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. 'At last an unprintable book that is fit to read' Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the way American literature would be written' Erica Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.

Painting on Light Barbara Butts 2001-03-01 The names Albrecht Dürer and Hans Holbein the Younger evoke the dazzling accomplishments of Renaissance panel painting and printmaking, but they may not summon images of stained glass. Nevertheless, Dürer, Holbein, and their southern German and Swiss contemporaries designed some of the most splendid works in the history of the medium. This lavish volume is a comprehensive survey of the contribution to stained glass made by these extraordinarily gifted draftsmen and the equally talented glass painters who rendered their compositions in glass. Included are discussions of both monumental church windows and smaller-scale stained-glass panels made for cloisters, civic buildings, residences, and private chapels. The subjects of these rarely seen drawings and panels range from religious topics to secular themes, including love, planets, hunts, and battles. Focusing on stained glass produced in Germany and Switzerland from about 1495 to 1530, *Painting on Light* includes drawings by Dürer, Holbein, Albrecht Altdorfer, Hans Baldung Grien, Jörg Breu the Elder, Hans Burgkmair, Urs Graf, Hans von Kulmbach, Hans Leu the Younger, Niklaus Manuel Deutsch, Hans Schäufolein, Hans Weiditz, and others. This informative book is published in conjunction with an exhibition at the Getty Museum from July 11 through September 24, 2000, and from November 7, 2000, to January 4, 2001, at the Saint Louis Art Museum.

Is That a Fish in Your Ear? David Bellos 2011-10-11 A New York Times Notable Book for 2011 One of The Economist's 2011 Books of the Year People speak different languages, and always have. The Ancient Greeks took no notice of anything unless it was said in Greek; the Romans made everyone speak Latin; and in India, people learned their neighbors' languages—as did many ordinary Europeans in times past (Christopher Columbus knew Italian, Portuguese, and Castilian Spanish as well as the classical languages). But today, we all use translation to cope with the diversity of languages. Without translation there would be no world news, not much of a reading list in any subject at college, no repair manuals for cars or planes; we wouldn't even be able to put together flat-pack furniture. *Is That a Fish in Your Ear?* ranges across the whole of human experience, from foreign films to philosophy, to show why translation is at the heart of what we do and who we are. Among many other things, David Bellos asks: What's the difference between translating unprepared natural speech and translating *Madame Bovary*? How do you translate a joke? What's the difference between a native tongue and a learned one? Can you translate between any pair of languages, or only between some? What really goes on when world leaders speak at the UN? Can machines ever replace human translators, and if not, why? But the biggest question Bellos asks is this: How do we ever really know that we've understood what anybody else says—in our own language or in another? Surprising, witty, and written with great *joie de vivre*, this book is all about how we comprehend other people and shows us how, ultimately, translation is another name for the human condition.

Between Utopia and Dystopia Hanan Yoran 2010-04-19 *Between Utopia and Dystopia* offers a new interpretation of Erasmian humanism. It argues that Erasmian humanism created the identity of the universal and critical intellectual, but that this identity undermined the fundamental premises of humanist discourse. It closely reads several works of Erasmus and Thomas More, employing an interdisciplinary approach to the study of intellectual history, and adopting theoretical

insights and methodological procedures from various disciplines.

**Cancer, My Love** Mioara Grigore 2018 The autobiography of a Romanian Orthodox religion teacher, a wife and mother of five, and her struggle with cancer. She tells the story of meeting her husband, having children (one with Down syndrome), then receiving the cancer diagnosis, then the inspiring story of her spiritual growth and transformation through suffering, with the help of her family and her newfound friends, relying on her faith in God. To this English edition of the book, we have added an epilogue containing material that was published separately in "Familia Ortodoxă" plus an appendix containing interviews with Mioara, her husband, and her oldest daughter.--Publisher.

**Orthodox Survival Course** SERAPHIM. ROSE 2019-05-17 Our title, "Orthodox Survival Course" does not refer to physical survival, at least not directly, though sometimes physical survival is the outcome of spiritual and intellectual survival, as sometimes it is not, as in the case of the martyrs. The "survival" we are referring to is precisely survival as Orthodox Christians. Our purpose is to acquire an Orthodox philosophy of history, in order to understand our current situation in light of the Church's teaching, and thereby be better equipped to discern falsehood and avoid deceptive interpretations of what is going on around us, and to remain in the Church until death, to survive spiritually and to help those we are responsible for to do the same. **The Cambridge History of Medieval Monasticism in the Latin West** Alison I. Beach 2020-01-09 Monasticism, in all of its variations, was a feature of almost every landscape in the medieval West. So ubiquitous were religious women and men throughout the Middle Ages that all medievalists encounter monasticism in their intellectual worlds. While there is enormous interest in medieval monasticism among Anglophone scholars, language is often a barrier to accessing some of the most important and groundbreaking research emerging from Europe. The Cambridge History of Medieval Monasticism in the Latin West offers a comprehensive treatment of medieval monasticism, from Late Antiquity to the end of the Middle Ages. The essays, specially commissioned for this volume and written by an international team of scholars, with contributors from Australia, Belgium, Canada, England, France, Germany, Italy, the Netherlands, Spain, Switzerland, and the United States, cover a range of topics and themes and represent the most up-to-date discoveries on this topic.

**Orthodox Christians in America** John H. Erickson 2010-04-10 Although there are over 200 million Orthodox Christians worldwide, 4 million of whom live in the United States, their history, beliefs, and practices are unfamiliar to most Americans. This book outlines the evolution of Orthodox Christian dogma, which emerged for the first time in 33 A.D., before shifting its focus to American Orthodoxy--a tradition that traces its origins back to the first Greek and Russian immigrants in the 1700s. The narrative follows the momentous events and notable individuals in the history of the Orthodox dioceses in the U.S., including Archbishop Iakovos' march for civil rights alongside Rev. Martin Luther King, Jr., the Orthodox missionaries' active opposition to the mistreatment of native Inuit in Alaska, the quest for Orthodox unity in America, the massive influx of converts since the 1960s, and the often strained relationship between American Orthodox groups and the mother churches on the other side of the Atlantic. Erickson explains the huge impact Orthodox Christianity has had on the history of immigration, and how the religion has changed as a result of the American experience. Lively, engaging, and thoroughly researched, the book unveils an insightful portrait of an ancient faith in a new world.

**Marriage and Virginit** Saint Augustine (of Hippo) 1999 This volume presents new translations of five of Augustine's works: The Excellence of Marriage, Holy Virginit, The Excellence of Widowhood, Adulterous Marriages, and Continence.... The volume is to be commended on several points. The translation itself is in eminently readable, clear English that should be accessible to anyone interested in Augustine.... The general introduction does an excellent job of placing these works in the context of Augustine's career, showing how Augustine reacts to controversies with the Manichees, Jovinian, Jerome, and the Pelagians, while maintaining a commitment to the threefold goods of marriage -- procreation, fidelity, and sacrament. This is a wonderful collection that allows readers to see the complexity of Augustine's thought on a difficult topic. Kim Paffenroth Journal of Early Christian Studies

**The Museum of Non-Objective Painting** Tracey R. Bashkoff 2009 Considering in depth the origins of the Solomon R. Guggenheim Museum when it was first known as the Museum of Non-Objective Painting, this volume reveals for the first time the museums complex and sometimes twisted architectural history and the ambitious exhibition programme organized by Hilla Rebay, the museums founding Director and Curator from 1939 to 1952. Through the extensive correspondence between Rebay and Rudolf Bauer the artist whose work Guggenheim collected exhaustively Karol Vail reveals the important role Bauer played in envisioning the collection and the museum. Fully illustrated throughout, and featuring extensive previously unpublished archival materials, this book provides essential reading and a rich reference of the Guggenheims multifaceted and fascinating history.

**A History of Language Philosophies** Lia Formigari 2004 Theory and history combine in this book to form a coherent narrative of the debates on language and languages in the Western world, from ancient classic philosophy to the present, with a final glance at on-going discussions on language as a cognitive tool, on its bodily roots and philogenetic role. An introductory chapter reviews the epistemological areas that converge into, or contribute to, language philosophy, and discusses their methods, relations, and goals. In this context, the status of language philosophy is discussed in its relation to the sciences and the arts of language. Each chapter is followed by a list of suggested readings that refer the reader to the final bibliography. "About the author" Lia Formigari, Professor Emeritus at University of Rome, La Sapienza. Her publications include: "Language and Experience in XVIIth-century British Philosophy." Amsterdam & Philadelphia: J. Benjamins, 1988; "Signs, Science and Politics. Philosophies of Language in Europe 1700 1830." Amsterdam & Philadelphia: J. Benjamins, 1993; "La semiotique empiriste face au kantisme." Liege: Mardaga, 1994.

**Piety in Pieces** Kathryn M. Rudy 2016-09-26 Medieval manuscripts resisted obsolescence. Made by highly specialised craftspeople (scribes, illuminators, book binders) with labour-intensive processes using exclusive and sometimes exotic materials (parchment made from dozens or hundreds of skins, inks and paints made from prized minerals, animals and plants), books were expensive and built to last. They usually outlived their owners. Rather than discard them when they were superseded, book owners found ways to update, amend and upcycle books or book parts. These activities accelerated in the fifteenth century. Most manuscripts made before 1390 were bespoke and made for a particular client, but those made after 1390 (especially books of hours) were increasingly made for an open market, in which the producer was not in direct contact with the buyer. Increased efficiency led to more generic products, which owners were motivated to personalise. It also led to more blank parchment in the book, for example, the backs of inserted miniatures and the blank ends of textual components. Book buyers of the late fourteenth and throughout the fifteenth century still held onto the old connotations of manuscripts—that they were custom-made luxury items—even when the production had become impersonal. Owners consequently purchased books made for an open market and then personalised them, filling in the blank spaces, and even adding more components later. This would give them an affordable product, but one that still smacked of luxury and met their individual needs. They kept older books in circulation by amending them, attached items to generic books to make them more relevant and valuable, and added new prayers with escalating indulgences as the culture of salvation shifted. Rudy considers ways in which book owners adjusted the contents of their books from the simplest (add a marginal note, sew in a curtain) to the most complex (take the book apart, embellish the components with painted decoration, add more quires of parchment). By making sometimes extreme adjustments, book owners kept their books fashionable and emotionally relevant. This study explores the intersection of codicology and human desire. Rudy shows how increased modularisation of book making led to more standardisation but also to more opportunities for personalisation. She asks: What properties did parchment manuscripts have that printed books lacked? What are the interrelationships among technology, efficiency, skill loss and standardisation?

**Fleischhacker** 2013-11-11 This volume presents the contributions delivered at the "Josef-Loschmidt-Symposium," which took place in Vienna, June 25-27, 1995. The symposium was arranged to honor Josef Loschmidt one hundred years after his death (8 July 1895), to evaluate

the significance of his contributions to chemistry and physics from a modern point of view and to trace the development of scientific fields in which he had done pioneering work. Loschmidt is widely known for the first calculation of the size of molecules (1865/66), which also led to values for the number of molecules in unit gas volume and for the mass of molecules. With critical analyses of problems in statistical physics he made important contributions to the development of that field, "Loschmidt's paradoxon" continuing to be a point of departure for present day studies and discussions. For decades there was little awareness that Loschmidt was a pioneer in organic structural chemistry. Only in recent years has Loschmidt's first scientific publication "Chemische Studien I", published in 1861, become more widely known and it is now recognized that with his ideas on the structure of organic molecules he was greatly ahead of the chemists of that time. The papers in these proceedings are arranged in three sections: 1. Organic structural chemistry (Chapters 1-12). 2. Physics and physical chemistry (Chapters 13-26). 3. Loschmidt's biography, Loschmidt's world (Chapters 27-33). **Missionaries, Monks, and Martyrs** Luke Alexander Veronis 1994-01-01

**The Jossey-Bass Handbook of Nonprofit Leadership and Management** David O. Renz 2016-08-15 The go-to nonprofit handbook, updated and expanded for today's leader The Jossey-Bass Handbook of Nonprofit Leadership and Management is the bestselling professional reference and leading text on the functions, processes, and strategies that are integral to the effective leadership and management of nonprofit and nongovernmental organizations. Now in its fourth edition, this handbook presents the most current research, theory, and practice in the field of nonprofit leadership and management. This practical, relevant guide is invaluable to the effective practice of nonprofit leadership and management, with expanded attention to accountability, transparency, and organizational effectiveness. It also extensively covers the practice of social entrepreneurship, presented via an integrative perspective that helps the reader make practical sense of how to bring it all together. Nonprofit organizations present unique opportunities and challenges for meeting the needs of societies and their communities, yet nonprofit management is more complex and challenging than ever. This Handbook provides a framework to help you lead and manage efficiently and effectively in this new environment. Building on solid current scholarship, the handbook provides candid, practical guidance from nationally-recognized leaders who share their insights on: The relationship between board performance and organizational effectiveness Managing internal and external stakeholder relationships Financial viability and sustainability and how to enhance both for the long term Strategies to successfully attract, retain, and mobilize the very best of staff and volunteers The fourth edition of the handbook also includes content relevant to associations and membership organizations. The content of the handbook is supplemented and enriched by an extensive set of online supplements and tools, including reading lists, web references, checklists, PowerPoint slides, discussion guides, and sample exams. Running your nonprofit or nongovernmental organization effectively in today's complex and challenging environment demands more knowledge and skill than ever, deployed in a thoughtful and pragmatic way. Grounded in the most useful modern scholarship and theory, and explained from the perspective of effective practice, The Jossey-Bass Handbook of Nonprofit Leadership and Management is a pivotal resource for successful nonprofit leaders in these turbulent times. Unseen Warfare Lorenzo Scupoli 1978 Rich in references to the teaching of the saints and Fathers, this book combines the insights of West & East. A classic of Orthodox spirituality.

**The Soul After Death** Seraphim Rose 1993 Perhaps no other religious topic has engaged the human mind and heart so completely as the fate of the soul after death. In this spiritual and ultimately humane investigation, Fr. Seraphim Rose presents the principal beliefs of the early church fathers and then reaches beyond the Christian tradition to examine ideas drawn from The Tibetan Book of the Dead, the writings of Emmanuel Swedenborg, the "astral plane" of Theosophy, the out-of-body experiences of Robert Monroe, and the spiritual encounters of Elisabeth Kubler-Ross. This is a comprehensive treatment of a subject that touches every human heart.

**International Handbook of Research in Arts Education** Liora Bresler 2007-01-26 Providing a distillation of knowledge in the various disciplines of arts education (dance, drama, music, literature and poetry and visual arts), this essential handbook synthesizes existing research literature, reflects on the past, and contributes to shaping the future of the respective and integrated disciplines of arts education. While research can at times seem distant from practice, the Handbook aims to maintain connection with the live practice of art and of education, capturing the vibrancy and best thinking in the field of theory and practice. The Handbook is organized into 13 sections, each focusing on a major area or issue in arts education research.

**Migrations of the Holy** William T. Cavanaugh 2011-02-10 Whether one thinks that religion continues to fade or has made a comeback in the contemporary world, there is a common notion that religion went away somewhere, at least in the West. But William Cavanaugh argues that religious fervor never left it has only migrated toward a new object of worship. In *Migrations of the Holy* he examines the disconcerting modern transfer of sacred devotion from the church to the nation-state. In these chapters Cavanaugh cautions readers to be wary of a rigid separation of religion and politics that boxes in the church and sends citizens instead to the state for hope, comfort, and salvation as they navigate the risks and pains of mortal life. When nationality becomes the primary source of identity and belonging, he warns, the state becomes the god and idol of its own religion, the language of nationalism becomes a liturgy, and devotees willingly sacrifice their lives to serve and defend their country. Cavanaugh urges Christians to resist this form of idolatry, to unthink the inevitability of the nation-state and its dreary party politics, to embrace radical forms of political pluralism that privilege local communities and to cling to an incarnational theology that weaves itself seamlessly and tangibly into all aspects of daily life and culture. William Cavanaugh continues to provide leadership and vision in the field of political theology. He addresses essential questions about the religious status of the nation-state, the political character of the church, and how the tradition of Christian political thought might be brought to bear upon contemporary politics. . . . Unfolds a theological response to present political conditions and a political response to our theological condition. Luke Bretherton King s College London Another vigorous but distinct voice in the burgeoning conversation about the role of religion generally and the church specifically in political life. . . . Worth a careful read. Robert Benne

*Erasmus and the Age of Reformation* Johan Huizinga 2014-07-14 Johan Huizinga had a special sympathy for the complex, withdrawn personality of Erasmus and for his advocacy of intellectual and spiritual balance in a quarrelsome age. This biography is a classic work on the sixteenth-century scholar/humanist. Originally published in 1984. *The Orthodox Church* Thomas E. FitzGerald 1998-09-30 Annotation. The first comprehensive introduction to the Orthodox Church in the United States from 1794 to the present, this book includes a succinct picture of the distinctive history of Orthodoxy and its particular perspectives on the Christian faith. Attention is given to the contacts between the Orthodox Church and other Christian churches, as well as its contributions to the ecumenical movement. Over 80 biographies of major Orthodox leaders in America also are included along with an annotated bibliography of the writings of the major Orthodox theologians.

*North Star* Dorrie Papademetriou 2001 In 1794 a group of Russian orthodox missionaries landed on Kodiak Island, Alaska, with the intent of preaching to native Americans, baptizing those who would accept the Christian life and developing for them both academic and agricultural schools. Of these missionaries, Father Herman lived among the Aleut people for over 40 years, and earned the nickname Apa or Grandfather. He was often involved with local authorities concerning the rights of local natives, who were constantly violated by explorers and foreign authorities. In this volume, author Dorrie Papademetriou captures the essence of the monk and the world of Apa and the Aleut people comes alive in illustrations of northern lights, Kodiak bears, giant cabbages and angel's wings.

*The J. Paul Getty Museum Journal* The J. Paul Getty Museum 1993-02-11 The J. Paul Getty Museum Journal has been published annually since 1974. It contains scholarly articles and shorter notes pertaining to objects in the Museum's seven curatorial departments: Antiquities, Manuscripts, Paintings, Drawings, Decorative Arts, Sculpture and Works of Art, and Photographs. The Journal includes an illustrated checklist of the Museum's acquisitions for the precious year, a staff listing, and a statement by the Museum's director outlining the year's most important activities. Volume 20 of the J. Paul Getty Museum Journal contains an index to volumes 1 to 20 and includes articles by John Walsh, Carl Brandon Strehlke, Barbara Bohlen, Kelly Pask, Suzanne Lewis, Elizabeth Pilliod, Anne Ratzki-Kraatz, Sharon K. Shore, Linda A. Strauss, Brian Considine, Arie Wallert, Richard Rand, And Jacky De Veer-Langezaal.

**Bernini** Genevieve Warwick 2012 While Baroque artist Gian Lorenzo Bernini (1598-1680) is celebrated as a sculptor, architect, and painter, it is less known that he also was a playwright, scenographer, actor, and director. The Baroque period saw the rise of opera and ballet, as well as increasingly elaborate scenographic technologies for court and religious theatre. Bernini drew from this lexicon of theatrical effects, deploying light, movement, and the porous boundary between fictive and physical space to forge a language of Baroque illusion for both his scenographies and his sculptural ensembles. "Bernini: Art as Theatre" investigates the different types of cultural space for the staging of his art, from court settings to public squares and church interiors. Drawing parallels between the visual and theatrical arts, and highlighting the dramatic amplification of religious art in the period, this provocative study provides a model that can be extended beyond Bernini to enable us to reconsider 17th-century visual culture as a whole.
