**The Encyclopedia Americana** Alexander Hopkins McDannald 1949

Report New York State Library 1902

*America's Political Dynasties* Stephen Hess

2017-07-05 This is the 30th anniversary edition of a book that was hailed on publication in 1966 as "fascinating" by Margaret L. Coit in the Saturday Review and as "masterly" by Henry F. Graff in the New York Times Book Review. The Constitution could not be more specific: "No title of nobility shall be granted by the United States." Yet, in over two centuries since these words were written, the American people, despite official disapproval, have chosen a political nobility. For generation after generation they have turned for leadership to certain families. They are America's political dynasties. Now, in the twentieth century, surprisingly, American political life seems to be largely peopled by those who qualify, in Stewart Alsop's phrase, as "People's Dukes." They are all around us: Kennedys, Longs, Tafts, Roosevelts. Here is the panorama of America's political dynasties from colonial days to the present in fascinating profiles of sixteen of the leading families. Some, like the Roosevelts, have shown remarkable staying power. Others are all but forgotten, such as the Washburns, a family in which four sons of a bankrupt shopkeeper were elected to Congress from four different states. *America's Political Dynasties* investigates the roles of these families in shaping the nation and traces the whole pattern of political inheritance, which has been a little considered but unique and significant feature of American government and diplomacy.

And in doing so, it also illuminates the lives and personalities of some two hundred often engaging, usually ambitious, sometimes brilliant, occasionally unscrupulous individuals.

A Biography of Elihu Benjamin Washburne Congressman, Secretary of State, Envoy

Extraordinary Mark Washburne 2016-11-18 This seventh and final volume explores the life of the Civil War congressman, secretary of state, and the American minister to France, Elihu Washburne from his retirement from public office to his death in 1887. During this final chapter in his life, Elihu Washburne was a presidential candidate for the Republican nomination in 1880, receiving over forty delegate votes in a losing cause to General James Garfield, who later became president. At that same Republican convention, Washburne came in second place in the balloting for vice president. In the contest for the number-two spot, Elihu Washburne lost to Chester Arthur, who replaced Garfield as the president after that chief executive was assassinated in 1881.

**This Birth Place of Souls** Harriet Eaton 2011

After the battle of Antietam in 1862, Harriet Eaton traveled to Virginia from her home in Portland, Maine, to care for soldiers in the Army of the Potomac. Portland's Free Street Baptist Church, with liberal ties to abolition, established the Maine Camp Hospital Association and made the widowed Eaton its relief agent in the field. One of many Christians who believed that patriotic activism could redeem the nation, Eaton quickly learned that war was no respecter of religious principles. Doing the work of nurse and provisioner, Eaton tended wounded men and those with smallpox and diphtheria during two tours of duty. She preferred the first tour, which ended after the battle of Chancellorsville in 1863, to the second, more sedentary, assignment at City Point, Virginia, in 1864. There the impositions of federal bureaucracy standardized patient care at the expense of more direct communication with soldiers. Eaton deplored the arrogance of U.S. Sanitary Commissioners whom she believed saw state benevolent groups as competitors for supplies. Eaton struggled with the disruptions of transience, scarcely sleeping in the same place twice, but found the politics of daily toil even more challenging. Conflict between Eaton and co-worker Isabella Fogg erupted almost immediately over issues of propriety; the souring working conditions leading to Fogg's ouster from Maine state relief efforts by late 1863. Though Eaton praised some of the surgeons with whom she worked, she labeled others charlatans whose neglect had deadly implications for the rank and file. If she

saw villainy, she also saw opportunities to convert soldiers and developed an intense spiritual connection with a private, which appears to have led to a postwar liaison. Published here for the first time, the uncensored nursing diary is a rarity among medical accounts of the war, showing Eaton to be an astute observer of human nature and not as straight-laced as we might have thought. This hardcover edition includes an extensive introduction from the editor, transcriptions of relevant letters and newspaper articles, and a thoroughly researched biographical dictionary of the people mentioned in the diary.
