*You Live After Death* Harold Sherman 1987-05 Is there life after death? Must one accept its existence on faith alone? Is everyone worthy of survival? Now the popular author of *The Dead Are Alive* offers an authoritative work to help us

gain understanding of the afterlife. "Inspiring, convincing...of immense importance to every one of us". says Dr. Norman Vincent Peale.

Repackaged.

*Life After Death, Powerful Evidence You Will Never Die* Stephen Hawley Martin 2023-02-14

What happens when we die? This new edition of *Life After Death* adds to powerful evidence consciousness continues the author presented in an earlier release. He spent two years gathering information that demonstrates this and along the way interviewed more than a hundred experts in a number of different fields. Among them were parapsychologists, medical doctors, psychologists, psychiatrists, quantum physicists, and researchers into the true nature of reality. Specific examples are presented that indicate what happens when we die, for example that memories can be formed and retained despite a subject's brain having been shutdown and the blood drained from it. Questions such as whether or not you will be able to communicate with living loved ones after death are addressed, if it is possible to be reborn, and what might be missing from reproductive theory to explain the various phenomena indicated in the many case histories and scientific investigations presented. All of us will someday cross the

border to what Shakespeare called "The undiscovered country." As long as we must make that trip, wouldn't it be smart to find out where we are going and what to expect when we get there?

*Life After Death - Living Proof* Tom Harrison  
2004-12-01 The author describes in fascinating detail his experiences in the family Spiritualist Home Circle where his mother was the deep trance medium. Over a period of more than 8 years, from 1946, he and the other 6-8 members of the circle and guests present each week witnessed the movement of objects, apports, writing on paper untouched by those present and most amazing of all, ectoplasmic materialization of known and recognized people from the Spirit world. Photographs of the materializations, writings and apports are included. A short autobiography is included in the narrative, as are letters from others who sat with them. The whole subject is brought up to date with descriptions of recent seances in the

author's own home and that of friends in the 1990s.

**My Life After Death** David H. Ong 2007-03-09  
Enlightenment came through my death. I have proof of being out of my body (Chapter 6), and my life changed a lot after my death. Before my death, I was a star athlete with a very high I.Q. and was motivated by everything physical. I only dated girls who were very attractive only on the outside. I had a moment of clarity when I was dead; a moment that I will forever remember. I was living my life all wrong! This book is a self-help manual of the best kind. It is a self-help manual we all need, every one of us. Especially those of us who think we do not need one.

*Learn to give Healing* Helena Lindblom  
2021-02-25 In this book you will learn what you need to be able to provide spiritual healing. The book is packed with information and is completely unique in its kind! The author has a strong desire to help people develop their natural healing abilities, so that one can help

both themselves and family, friends and acquaintances to feel better. She has written the book that she herself wished she had had access to when she began her course to develop her gift for healing over 20 years ago. The author's desire is to give you an understanding and knowledge needed to help you along the way. It is not possible to replace training nor knowledge because they go hand-in-hand, so that is important to understand. In this book you will learn to both give and receive healing, why it works, how it works, what you can do to influence this, and further develop it. Here she teaches you how this collaboration between your healing guide and yourself can evolve, for your healing gift to flourish. It is a collaboration and a friendship between two souls, yourself and your healing guide, which evolves in time. You will learn how you can give and get absent healing, distant healing, contact healing, healing and even give healing to animals. You will be guided through this step by step - here is the book many

have been waiting for!

**Life Beyond Death With Evidence** Charles Drayton Thomas 2020-07-14 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

**No Reason for Goodbyes** Chassie West 2011-02-04 No Reason for Goodbyes - Messages from Beyond Life is a compilation of over one hundred instances of messages or contacts from the departed, submitted by the men and women who experienced them, contributors from the United States, Canada, the United Kingdom and as far away as Australia. There is Colleen who, during the Arlington National Cemetery memorial service for her father, a veteran of

World War II, saw him standing tall and erect in the distance for the playing of the Marine Corps Hymn. And Jacki who, as she knelt to pray the Rosary before bedtime, felt a presence beside her and heard the voice of her late father: Teach me how to say it. And Tylers sister, Robyn, whod died in infancy, sending a message during a television show that she liked the new athletic shoes hed just bought. Incidents such as these leave no doubt of the continuation of life beyond physical death and the assurance that our loved ones remain with us still. Transcripts and detailed messages from the departed, courtesy of well-known psychic mediums during group and one-on-one readings offer further proof of continued life after death. And from Patti Sinclair, a professional psychic medium, along with Dr. Bhrett McCabe, a licensed clinical psychologist and his mother, Mary Jo McCabe, a professional psychic intuitive, we are given sage advice for those among us who are skeptical or grieving. No Reason for Goodbyes strongly

suggests that we rethink everything we have believed about the finality of death. It confirms that those who have departed from our physical world can and do reach out and touch, in some cases, quite literally, and that love is indeed eternal. If there was ever a time for a paradigm shift about the way we view death, that time is now.

**An Ordinary Life...?** Andrew Michael Doig  
2017-09-04 Andrew's journey began with spiritual healing, and led into visiting spiritualist centres in England, Wales, Scotland and Sweden. His experiences sparked a desire to join various circles and experience literally hundreds of séances and hearing those addressed by those in spirit. Since his first tentative steps into the world of spiritualism, he has witnessed transfiguration, physical mediumship, and was involved in 'rescue work'. He has seen many mediums giving fine examples of mental mediumship, and gained awareness of clairvoyance and clairsentience for himself.

Andrew has also had the wonderful adventure of having spirits use him for psychic art. Equipped with his new knowledge, Andrew now realises that events in his life have been symbolic and a sign that his spirit guide has been with him throughout his life. He now wishes to share the same message of positivity and hope with others. **An Ordinary Life...?** is an excellent introduction to spiritualism from a personal viewpoint, and will provide encouragement for those who have been seeking deeper meaning in their own lives. **Make Room! Make Room!** Harry Harrison  
2010-07-01 A detective hunts down a killer in a dystopian, overpopulated NYC in this classic science fiction novel that inspired the film *Soylent Green*. Originally published in 1966, *Make Room! Make Room!* imagines a world at the end of the twentieth century where Earth is so overwhelmed by rampant population growth that it teeters on the edge of self-destruction. In New York City alone, thirty-five million people are squeezed into its packed boroughs,

scrambling like rats for the world's dwindling resources. The only food available is a product called soylent. And while the government tries to maintain order, the rich get richer and the poor stay underfoot. Finding a killer in this broken world is one hell of a job. But that's exactly what Det. Andy Rusch has been assigned to do. If he can stay alive long enough, he might just solve the biggest case he's ever been on—unless humanity finally fulfills its promise and destroys itself first.

**The Book of Tom - A True Story of Life After Death** Kimberly C. Moore 2016-08-20 In 2007, Tom Stenftenagel was involved in a horrific drag-racing accident and died - three times. Each time, he met someone who had already passed away and they all told him he had to ""go back and tell them."" On his final journey to the afterlife, he went to Heaven and met Jesus, who gave Tom the message he wants him to share with the world. The Book of Tom is a True story of life after death and a message of hope.

**God Life After Death** Tom Wilson 2016-01-30  
Afterlife, The Whole Truth Stephen Hawley Martin 2022-08-29 The two books in this volume reveal what every human living today needs to know about life after death. Book One lays out indisputable evidence the brain does not create your consciousness, and that when your body dies, your consciousness will be released into a mental realm. It explains what you can expect to experience during the first minutes until you come to a border near death survivors agree is a point of no return. Book Two will lead you past that border to explore that Shakespeare called, "The undiscovered country," a mental realm each individual creates for him or herself. It also makes suggestions about actions to take now to insure the best possible outcome after death. Read what reviewers had to say about Book I: "Extraordinary findings in Stephen Martin's newest book, Life After Death, Powerful Evidence You Will Never Die, will keep readers on the edge of their seats as they burn through

this well written book's pages. . . ." - Mark Davis, M.D. "If you only read one book about the afterlife, I highly recommend this one. It's an extensive research project and is quite understandable for the average reader. . . ." - Alan Halverson "I couldn't put this book down. I'm 34 years old with no major health issues and have been recently dealing with a lot of anxiety over death. . . ." - Nicole Ryan "This is one of the most powerful books on this subject that I have ever read. Very inspiring." - C. Ann Clarkon "Very accessible and well-written overview of recent research supporting evidence of consciousness existing independent of the brain; as well as its implications for survival of awareness after physical death. . . ." - Keith Park, Ph.D.

**The Letters of Malcolm Lowry and Gerald Noxon, 1940-1952** Nancy Strobel 2011-11-01  
The eighty letters, cards and other messages in this correspondence -- produced mainly by Lowry and Gerald Noxon but also by Margerie

(Bonner) Lowry -- offer a fresh introduction to Lowry, a certain 'Canadian' Lowry. At the same time they give insight into two writing careers (Bonner and Noxon) closely intertwined with his and vigorously championed by him in the 1940s. The letters observe the mind of Lowry at play on questions of literary technique, on films, and on the beauties and rigors of life in his Dollarton shack on an inlet near Vancouver. They reveal a warm, supportive, enormously sensitive and intelligent man, modifying somewhat the image of him now available.

[Tom Sawyer: A Modern-Day Messenger from God](#) Rev. Daniel Chesbro 2022-05-24 • Shares Tom's profound teachings on life, death, and unconditional love gained through his near-death experiences and direct encounter with the Light • Includes more than 160 true and remarkable stories about Tom completing his mission to spread God's Unconditional Love • Details Tom's death experiences and how in 2007, when he felt he had fulfilled his mission

from God, he consciously left life on Earth In the early evening of May 23, 1978, while making repairs under his pick-up truck full of firewood, the heavy truck crashed down on Tom Sawyer, crushing his chest flat. A 33-year-old Olympic-trained bike racer and mechanic from upstate New York, Tom was clinically dead--but his cosmically significant adventure had only just begun. Fifteen minutes later, he came back to life, recounting his strange experience of going through a tunnel, having his life review, and meeting the Light. Featured on national news, on talk shows, and in research studies by Dr. Raymond Moody, Tom Sawyer was one of the first near-death-experience survivors to gain notoriety. Spiritually energized by his near-death experience (NDE), Tom's prime directive became to teach how we each are a physical extension of God's Unconditional Love and how to communicate with God through prayer. A walking repository of universal wisdom, he demonstrated repeatedly that the reality we

believe in is an illusion, that walls are not necessarily barriers, severe health challenges can be healed in a moment, and it is possible to walk on water. During his death experience, Tom was charged by God with a three-part mission: teach that death does not exist, prevent nuclear war, and promote the Order of Melchizedek, where he became a highly respected teacher. When he knew he had completed his mission in 2007, he consciously left life. Through more than 160 remarkable stories, Rev. Daniel Chesbro and Rev. James Erickson share Tom's profound insights on life, death, and Unconditional Love. The most complete and in-depth account of the life and teachings of Tom Sawyer, this book reveals Tom as a modern-day messenger of God who returned to life a powerful conduit of Unconditional Love, compelled to create positive change for humanity.

[A Comprehensive Guide to Mediumship](#) Helena Lindblom 2021-03-02 This book is the first in a

series of three, which is about unfolding and developing your spiritual abilities to work as a medium. It is such a vast subject to be able to be written in just one book and it is essential that we take one step at the time. Here you will be getting the knowledge and, in this way, also the opportunity to build a solid ground to stand upon, for you to build on it further with a deeper understanding of your role in this co-operation which is done with your spirit team. It is really a comprehensive guide to mediumship where you are getting a thorough understanding for how you can develop and strengthening your bond with firstly yourself and your guides in the Spirit World, but also the process which is happening when you are raising your consciousness to the spirit level, where this communication done. This trilogy will give you the knowledge you will need to unfold and develop your mediumship in a good way - this is a whole new level of published books within this subject.

**God and the Afterlife Proven** Tom Wilson

2014-03-01 Addresses the evidence for Intelligent Design and the evidence for Life After Death. The book does not contain religious content. Written from a deistic viewpoint. The book would fall into the categories of Philosophy or Religion.

**Randi's Prize** Robert McLuhan 2010 James 'The Amazing' Randi is a stage magician who says he has a million dollars for anyone who can convince him they have psychic powers. No one has even come close to winning, proof, say sceptical scientists, that there is no such thing as 'the paranormal'. But are they right? In this illuminating and often provocative analysis, Robert McLuhan examines the influence of Randi and other debunking sceptics in shaping scientific opinion about such things as telepathy, psychics, ghosts and near-death experiences. He points out that scientific researchers who investigate these things at first hand overwhelmingly consider them to be genuinely anomalous. But this has shocking implications,

for science, for society and for even perhaps for ourselves as individuals. Hence the sceptics' insistence that they should rather be attributed to fraud, imagination and wishful thinking. However, this extraordinary and little understood aspect of consciousness has much to tell us about the human situation, McLuhan suggests. And at a time when militants are polarising the debate about religion, its mystical, spiritual element offers an optimistic and enlightened way forward. *Randi's Prize* is aimed at anyone interested in spirituality or those curious to know the truth about paranormal claims. It's an intelligent and readable analysis of scientific research into the paranormal which, uniquely, also closely examines the arguments of well-known sceptics.

*A Life After Death* Samuel Ralph Harlow 1961

*Life Beyond Death* David Fontana 2016-07-19

Examines various evidential materials that have been accumulated about the afterlife. This title looks at communications through mediums and

witness accounts such as *Near Death* and *Out of Body Experiences* and compares them with the descriptions given in such mystical texts as *The Tibetan Book of the Dead* and *The Egyptian Book of the Dead*.

**My Life After Death** Erik Medhus 2015-09-01  
In the follow-up to Elisa Medhus's *My Son and the Afterlife*—"a heartfelt, deeply moving story" (Eben Alexander, *New York Times* bestselling author of *Proof of Heaven*)—her son Erik tells his astounding story directly from the afterlife, describing in detail his death, transition, and spiritual renewal. *My Life After Death* begins on the tragic day when Erik Medhus took his own life. What follows is a moment-by-moment account of the spiritual life he discovers on the other side—told for the very first time in his own words as channeled by medium Jamie Butler and then transcribed by his mother Elisa. Overflowing with his signature honesty and candor, Erik describes more than just a visit to the afterlife. He personally walks us through the

experience of dying, transitioning into spirit form, and reveals a detailed look at the life awaiting us on the other side. In this intimate and provocative memoir, crucial questions will finally be answered, including: What does it feel like to die? What is it like to become a spirit? Why and how do spirits communicate with the living? Is there a heaven? Ultimately, Erik's story provides the answers that will help readers find solace and remove the fears surrounding death, showing that love has no boundaries and life does not truly end.

**What's after Life?** John Burke 2019-11-05 The Gallup Poll reports that 1 in 25 people has had a near-death experience. Their heart stopped beating, their brain waves ceased, yet they claim they were more alive than ever. With improved medical resuscitation, more and more verifiable evidence indicates that life doesn't end with our last breath--it's just beginning. Drawing out the similarities found by studying over 1,000 accounts of near-death experiences around the

globe, John Burke unfolds a compelling and comforting vision of a world where - we are free from pain - we feel fully known and accepted - we are greeted by loved ones - we encounter indescribable beauty - we discover a God of unconditional love If you've lost a loved one, if you've received a frightening diagnosis, or if you're just curious about what happens after death, this concise look at the life to come will bring you hope and reassurance. Content derived from the New York Times bestseller *Imagine Heaven*.

**The Spirit Book** Raymond Buckland 2005-09-01 This reference explores Qabalah, Sibyls, Fairies, Poltergeists; phenomena such as intuition and karma; objects useful in the attempt to cross the divide, including tarot cards, flower reading, and runes; and related practices such as Shamanism, transfiguration, meditation, and mesmerism. It covers the history of Spiritualism as well as offshoots such as Kardecism, channeling, fraud, psychic research,

and possession; and also reports on investigations of contemporary manifestations.

**Afterlife** Barry Eaton 2013-08-15 The author takes the reader on a journey through the realm of the spirit, he details the whole process of crossing into the next life, from the journey "home," to adapting to new living conditions in the afterlife, and even delving into what kinds of activities will be available there, and how we can be prepared for our own personal journey.

**Redefining Shamanisms** David Gordon Wilson 2013-03-28 An analysis of the Anglo-American Spiritualist movement which provides a new definition of shamanism based on a pattern of apprenticeship unique to traditional shamanisms.

**Visits by Our Friends from the "Other Side"**

Tom Harrison 2011 This, Tom Harrison's original book about the amazing psychic/spiritual phenomena of 'materialisation' they had

through his mother's mediumship is being reprinted by special request of several friends who like to give it as a gift to those they feel need its help. Throughout the 8 years the circle was able to sit they had the whole range of phenomena from apports to voices and fully formed Spirit people standing amongst them. Four years after Tom originally had this book printed he realised that he had omitted to mention anything about life in the Spirit world and so a folded loose sheet was inserted with each copy; the following year another sheet with the extract from Col. Dixon Smith's book 'New Light on Survival' was also added. We have reproduced the book as Tom first set it up but with the two extra pieces now included in the book itself. The story is more fully told in 'Life After Death: Living Proof'(2008) but this is an introduction to the subject

*Life After Death* Tom Harpur 1991 Looks at death and immortality from both a secular and a religious viewpoint, and discusses near-death

experiences, purgatory, reincarnation, and the viewpoints of non-Christian faiths.

*After Death, Or, Letters from Julia* William Thomas Stead 1910

**Life After Life** Raymond Moody 2015-12-15 The groundbreaking, bestselling classic, now available in a special fortieth-anniversary edition that includes a new Foreword from Eben Alexander, M.D., author of *Proof of Heaven*, and a new Afterword by the author. Raymond Moody is the “father” of the modern NDE (Near Death Experience) movement, and his pioneering work *Life After Life* transformed the world, revolutionizing the way we think about death and what lies beyond. Originally published in 1975, it is the groundbreaking study of one hundred people who experienced “clinical death” and were revived, and who tell, in their own words, what lies beyond death. A smash bestseller that has sold more than thirteen million copies around the globe, *Life After Life*

introduced us to concepts—including the bright light, the tunnel, the presence of loved ones waiting on the other side—that have become cultural memes today, and paved the way for modern bestsellers by Eben Alexander, Todd Burpo, Mary Neal, and Betty Eadie that have shaped countless readers notions about the end life and the meaning of death.

**Evidence of Life After Death** Arthur S. Berger 1988

**There Is Life After Death** Tom Harpur 2011-02-19 *There is Life After Death* is both illuminating and comforting in its message and conclusions — and goes a long way in putting to rest one of the last great taboos of our culture.

**Glimpses of Heaven** Thomas Hardesty 2019-01-31 What happens when we die? Non-believers say death permanently extinguishes life, while believers insist that our souls continue for eternity. There is only one way to know for sure. Or is there? In *Glimpses of Heaven*, author Thomas Hardesty takes readers on a personal

odyssey into the afterlife, which he experienced through visitations from deceased loved ones—and pets—while in a dream state. He explores the nature of death as well as life after death in the context of familial relationships. Highlighting themes such as grief, guilt, hope, and love, the book delves into the continuation of relationships in the mysterious realm of the hereafter, culminating in an extraordinary journey to the Kingdom of Heaven. The visitations the author has experienced have been crystal clear and have made perfect sense, and the information he's gleaned has served as a warning, provided reassurance or conveyed important information. Take a fantastic and spiritual journey that reveals a glimpse of the beyond - all while learning lessons on how to live here on Earth.

**The Matter of Life and Death** Thomas Hartman 1994 With the sensitivity, wisdom, and conviction that are the marks of his pastoral work and telecommunications ministry,

Hartman--who has extensive experience in counseling the bereaved--brings readers into an awareness of their own mortality, while affirming their hope in life after death. Hartman is the bestselling author of *Where Does God Live?*.

*Raymond, Or, Life and Death* Sir Oliver Lodge 1917

**My Life After Dying** Ritchie Jr MD, George G 2015-05-01 In December 1943, 20-year-old Army private George Ritchie died of pneumonia. Nine minutes later, he came back profoundly changed. What happened to him while his dead body lay under a sheet would change his life, and that of his family, friends, and patients. His bestselling book about his experiences, *Return from Tomorrow*, has sold more than 250,000 copies. In this book George Ritchie briefly retells the story of that strange experience and then tells what happened later, including the real miracles that he has seen in his years of practice as a physician and psychiatrist. Included here

are powerful stories of physical and emotional healing that were informed by those nine minutes on “the other side.” Replaces Order to Return, 978-1-57174-096-0

**Utterings of a Light Worker** Geoff Bell

2015-01-02 Have you ever realised that everything you do is instigated by nothing more than a thought, a zap of energy? Everything you experience is a result of choices you make, and you are in complete control of those choices and their results. Have you ever realised that there is more to life than just physical existence? That there is such a thing as paradise, heaven, or the summerland, and you can create them as you wish? Have you ever realised that the physical life of everything continues indefinitely and you never lose your loved ones and friends when physical death occurs? Right now you hold

within your hands the key to ultimate power and freedom—the power of you that is just waiting to be explored. You are holding the key to reassurance and comfort that are rightfully yours for the taking. The choice, of course, is whether or not you decide to make your dreams a reality—of whether or not you choose to gain comfort for yourself or others from the knowledge within this book. Will you choose to take the challenge and, after reading this book, be of unimaginable help to yourself and others you meet? The possibilities are endless and are awaiting your attention.
