Interpreting Eden Vern S. Poythress 2019-03-14 "No interpreter of the creation narratives can avoid interacting with this book." —Derek W. H. Thomas Christians have long discussed and debated the first three chapters of the Bible. How we interpret this crucial section of Scripture has massive implications for how we understand the rest of God's Word and even history itself. In this important volume, biblical scholar Vern Poythress combines careful exegesis with theological acumen to illuminate the significance of Genesis 1–3. In doing so, he demonstrates the sound interpretive principles that lead to true understanding of the biblical text, while also exploring complex topics such as the nature of time, the proper role of science, interpretive literalism, and more.

Not in His Image (15th Anniversary Edition) John Lamb Lash 2021-09-18 "Lash is capable of explaining the mind-bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight. . . . [His] arguments are often lively and entertaining."—Los Angeles Times Fully revised and with a new preface by the author, this timely update is perfect for readers of *The Immortality Key*. Since its initial release to wide acclaim in 2006, *Not in His Image* has transformed the lives of readers around the world by presenting the living presence of the Wisdom Goddess as never before revealed, illustrating that the truth of an impactful Gnostic message cannot be hidden or destroyed. With clarity, author John Lamb Lash explains how a little-known messianic sect propelled itself into a dominant world power, systematically wiping out the great Gnostic spiritual teachers, the Druid priests, and the shamanistic healers of Europe and North Africa. Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth-tellers and keep their own secrets. *Not in His Image* delves deeply into ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history, exploring the richness of the ancient European Pagan spirituality—the Pagan Mysteries, the Great Goddess, Gnosis, the myths of Sophia and Gaia. In the 15th Anniversary Edition, Lash doubles down on his original argument against redemptive ideology and authoritarian deceit. He shows how the Gnostics clearly foresaw the current program of salvation by syringe, and places the Sophianic vision of life centrally in the battle to expose and oppose the evil agenda of transhumanism, making this well-timed update more relevant than ever. "Sometimes a book changes the world. *Not in His Image* is such a book. It is clear, stimulating, well-researched, and sure to outrage the experts. . . . Get it. Improve not just your own life, but civilization's chances for survival."—Roger Payne, author of *Among Whales*

It has been published in three different versions.

Grassroots Postmodernism Gustavo Esteva 2014-08-14 With the publication of this remarkable book in 1998, Gustavo Esteva and Madhu Suri Prakash instigated a complete epistemological rupture. *Grassroots Post-modernism* attacks the three sacred cows of modernity: global thinking, the universality of human rights and the self-sufficient individual. Rejecting the constructs of development in all its forms, Esteva and Prakash argue that even alternative development prescriptions deprive the people of control over their own lives, shifting this control to bureaucrats, technocrats and educators. Rather than presuming that human progress fits a predetermined mould, leading towards an increasing homogenization of cultures and lifestyles, the authors argue for a 'radical pluralism' that honours and nurtures distinctive cultural variety and enables many paths to the realization of self-defined aspirations. This classic text is essential reading for those looking beyond neoliberalism, the global project and the individual self.

Now she and her husband, Clive Moran, a police profiler, have been brought out of retirement to solve these new murders, but the clues are few, and the suspects are untouchable. Who can be carrying a 'torch' for Marcus Hartstein? Who is capable of carrying out these horrific murders; with a new and even more gruesome killing method than Marcus ever used, or could have dreamed of.

The Jesus Papers Michael Baigent 2009-03-17 In this New York Times-best-selling study, the co-author of Holy Blood, Holy Grail explores further mysteries surrounding Jesus Christ. What if everything we have been told about the origins of Christianity is a lie? What if a small group had always known the truth and had kept it hidden . . . until now? What if there is evidence that Jesus Christ survived the crucifixion? In Holy Blood, Holy Grail Michael Baigent and his co-authors Henry Lincoln and Richard Leigh stunned the world with a controversial theory that Jesus Christ and Mary Magdalene married and founded a holy bloodline. The book became an international publishing phenomenon and was one of the sources for Dan Brown's novel The Da Vinci Code. Now, with two additional decades of research behind him, Baigent's The Jesus Papers presents explosive new evidence that challenges everything we know about the life and death of Jesus. The French of Outremer Laura K. Morreale 2018-04-10 The establishment of feudal principalities in the Levant in the wake of the First Crusade (1095-1099) saw the beginning of a centuries-long process of conquest and colonization of lands in the eastern Mediterranean by French-speaking Europeans. This book examines different aspects of the life and literary culture associated with this French-speaking society. It is the first study of the crusades to bring questions of language and culture so intimately into conversation. Taking an interdisciplinary approach to the study of the crusader settlements in the Levant, this book emphasizes

hybridity and innovation, the movement of words and people across boundaries, seas and continents, and the negotiation of identity in a world tied partly to Europe but thoroughly embedded in the Mediterranean and Levantine context.

Rembrandt and the Female Nude Eric Jan Sluijter 2006 Rembrandt's extraordinary paintings of female nudes—Andromeda, Susanna, Diana and her Nymphs, Danaë, Bathsheba—as well as his etchings of nude women, have fascinated many generations of art lovers and art historians. But they also elicited vehement criticism when first shown, described as against-the-grain, anticlassical—even ugly and unpleasant. However, Rembrandt chose conventional subjects, kept close to time-honored pictorial schemes, and was well aware of the high prestige accorded to the depiction of the naked female body. Why, then, do these works deviate so radically from the depictions of nude women by other artists? To answer this question Eric Jan Sluijter, in Rembrandt and the Female Nude, examines Rembrandt's paintings and etchings against the background of established pictorial traditions in the Netherlands and Italy. Exploring Rembrandt's intense dialogue with the works of predecessors and peers, Sluijter demonstrates that, more than any other artist, Rembrandt set out to incite the greatest possible empathy in the viewer, an approach that had far-reaching consequences for the moral and erotic implications of the subjects Rembrandt chose to depict. In this richly illustrated study, Sluijter presents an innovative approach to Rembrandt's views on the art of painting, his attitude towards antiquity and Italian art of the Renaissance, his sustained rivalry with the works of other artists, his handling of the moral and erotic issues inherent in subjects with female nudes, and the nature of his artistic choices.

The Spiritual Quest Robert M. Torrance 1994 This treatise argues that the quest for the spirit is not a rare mystical experience, but a frequent expression of basic human impulses, rooted in our biological, psychological and social nature. It presents the quest in the myths and religious practices of tribal people throughout the world.

Revelation and Inspiration James Orr 1910 This volume is written under the conviction that revelation and inspiration, in connection with the Bible, can only be defended in conjunction with a more positive view of the structure of the Bible itself than is at present prevalent. The three things imply each other -- a positive view of the structure of the Bible, the recognition of a true supernatural revelation in its history, and a belief, in accordance with the teaching of Christ and His apostles, in the inspiration of the record. The evidence for each of these three things yields support to faith in the other two. The critical appreciation of the Bible is helped by the recognition of the revelation contained in it, and of the character of inspiration attaching to the book which is the vehicle of the revelation. The revelation sustains faith in inspiration, and vice versa. From the unity of the three aspects results the conception of a Holy Scripture. - Preface.

Atheism in Christianity Ernst Bloch 2009-06-01 In the twenty-first century, religion has come under determined attack from secular progressives in documentaries, opinion pieces and international bestsellers. Combative atheists have denounced faiths of every stripe, resulting in a crude intellectual polarization in which religious convictions and heritage must be rejected or accepted wholesale. In the long unavailable *Atheism in Christianity*, Ernst Bloch provides a way out from this either/or debate. He examines the origins of Christianity in an attempt to find its social roots, pursuing a detailed study of the Bible and its fascination for 'ordinary and unimportant' people. In the biblical promise of utopia and the scriptures' antagonism to authority, Bloch locates Christianity's appeal to the oppressed. Through a lyrical yet close and nuanced analysis, he explores the tensions within the Bible that promote atheism as a counter to the authoritarian metaphysical theism imposed by clerical exegesis. At the Bible's heart he finds a heretical core and the concealed message that, paradoxically, a good Christian must necessarily be a good atheist. This new edition includes an introduction by Peter Thompson, the Director of the Centre for Ernst Bloch Studies at the University of Sheffield.

The Warfare of Science Andrew Dickson White 1876

A History of Sinai Lina Eckenstein 2015-11-06 SINAI is the peninsula, triangular in form, which projects into the Red Sea between Egypt and Arabia. The name used to be applied to the mountainous region of the south, now it is made to comprise the land as far north as the Mediterranean. Sinai is famous for the part which it has played in the religious history of mankind. It was at one time a centre of moon-cult, before it became the seat of the promulgation of the Law to the Jews at the time of Moses. In Christian times it was one of the chief homes of the hermits, and the possession of the relics of St. Katherine in the great convent of the south, caused Sinai to be included in the Long Pilgrimage throughout the Middle Ages. A history of Sinai deals with the people who visited the peninsula at different times, rather than with its permanent inhabitants, who, in the course of centuries, seem to have undergone little change. They still live the life of the huntsman and the herdsman as in the days of Ishmael, sleeping in the open, and adding to their meagre resources by carrying dates and charcoal to the nearest centres of intercourse, in return for which they receive corn. The country geographically belongs to Egypt, ethnologically to Arabia. It falls into three regions. In the north, following the coast line of the Mediterranean, lies a zone of drift sand, narrowest near Rafa on the borders of Palestine, widening as it is prolonged in a westerly direction towards Egypt, where it is conterminous with the present Suez Canal. This desert was known in Biblical days as Shur (the wall) of Egypt. And Saul smote the Amalekites from Havilah (north Arabia), until thou comest to Shur that is over against Egypt (1 Sam. xv. 7). The military highway from Egypt to Syria from ancient times followed the coast line of the Mediterranean, the settlements along which were modified on one side by the encroachment of the sea, on the other by the invasion of sand. Adjoining this zone of drift sand, the land extends south with increased elevation to the centre of the peninsula, where it reaches a height of about 4000 ft., and abruptly breaks off in a series of lofty and inaccessible cliffs, the upper white limestone of which contrasts brilliantly in some places with the lower red sandstone. This region is, for the most part, waterless and bare. It is known in modern parlance as the Badiet T'h (the plain of wandering). Its notable heights include the Gebel el Ejneh and the Gebel Emreikah. This plain is drained in the direction of the Mediterranean by the great Wadi el Arish and its numerous feeders, which, like most rivers of Sinai, are mountain torrents, dry during the greater part of the year, and on occasion like the fiumare of Italy, flowing in a spate. The Wadi el Arish is the River of Egypt of the Bible (Gen. xv. 18; Num. xxxiv. 5), the Nahal Muzur of the annals of King Esarhaddon.

Nothing Is Sacrosanct David E Balaam 2018-08-21 Dark, twisted yet with a very real pertinence to modern society, David Balaam's 'Nothing is Sacrosanct' takes readers deep into the life of an adult victim of child abuse whose own personality demons turn his streak for vengeance into a cinematic adventure. But, fiction aside, Balaam's narrative has a wholly-serious message - that anything can be changed, anyone can be brought to account, and no one is sacrosanct. Marcus Hartstein was abused as a young boy in Austria by his parents during the Second World War. In 1946 he is rescued by a kindly Doctor from the British Sector as suspicion is growing about his mother's death. When his friend and saviour is killed along with his wife, he vows revenge, and to protect his now-orphaned step-sister, Barbara. Although he changes his name to Hartmann his act of revenge sees him recruited by the Secret Service, and during one of his covert missions in Armenia, rescues a beautiful young Kurdish woman, Rosa. Marcus is constantly fighting his dormant memories of his early home life, and his treatment by his parents, and vows revenge on behalf of other young boys who have been harmed, where their perpetrators have not faced justice. Detective Christine Ling has been following the Rope Killer, as the press call him, for many years, and is on the verge of catching her quarry, and perhaps saving the life of a suspected paedophile, and from the macabre manner in which his

victims are left - but can she make the rendezvous in time? On the other side of Marcus Hartmann is a gentle, generous and loving person, who, along with Barbara and Rosa, help to educate consenting couples in the art of Making Love. Life throws many challenges to Marcus Hartmann; physically abused boy, murderer, guardian, lover; but as a survivor for Justice he can only help a pitiful few victims of the abuse he suffered - not knowing to what extent this disease is actually rampant in our society, not just in his time, but in the years to follow - in the present
