The Wascana Poetry Anthology University of Regina. Canadian Plains Research Center 1996 This is an anthology of English verse from the Middle Ages to recent times, from both sides of the Atlantic. Special emphasis has been given to poetry by writers of the Great Plains region (both Canadian and American) and by Aboriginal poets. Intended for introductory classes, poems have been selected with an eye to works--not necessarily easy ones--which address experiences and ideas more readily available to beginning university students and which are more direct and straightforward in expression than many currently anthologized.

The Future of Capitalism Robert C Hackney 2017-06-14 Yes, the Robots and AI are coming. Will We Adapt or Die? Today we are dealing with discussions of income inequality, universal basic income and the question "will robots take my job?" In his new book, *The Future of Capitalism - Robots, Artificial Intelligence and Employee Stock Ownership Plans*, the author lays out a plan for the future that is not as bleak as some of the predictions. There is a path where robots and AI can help more people participate in the American dream. Will we follow that path? We are in the midst of the next major disruption. What are you going to do about it?

Anniversaries, Volume 2 Uwe Johnson 2021-07-27 The second volume of a titanic masterpiece of twentieth-century literature, named one of the best books of 2019 by The New York Times critics. *Anniversaries, Volume 2* begins on April 20, 1968. Before long Marie will be devastated by the assassination of Robert F. Kennedy, even as the news of the Prague Spring has awakened Gesine's long-dashed hopes that socialism could be a humanism. Meanwhile, her boss at the bank has his own ideas about Czechoslovakia, and Gesine faces the prospect of having to move there for work. Continuing the story of her past from *Anniversaries, Volume 1*, Gesine describes the Soviet occupation of her hometown, Jerichow, where her father was installed as mayor and ended up in a brutal prison camp. Gesine herself charts a rebellious course through school, ever more bitterly conscious of the moral ugliness of life behind the Iron Curtain. As the year of the novel comes to its end, past and present converge and the novel circles back to its beginnings: Gesine tells Marie about her father, Jakob, dead before she was born, about leaving East Germany, and, as history threatens to take them away from New York, about the beginning of their life together in the city that they have both come to love.

Let's Bring America Back Robert Hackney 2015-03-17 This is a motivational book with a twist. The author urges you to follow your passion, not just for yourself and your family, but for the future of America. In this book, the author takes you on his very personal journey

through America's past and offers a glimpse of her future. Bob Hackney is just like you, he loves America. Unlike some of today's pundits, he sees a potentially bright future if we can all come together to fulfill the promise of America. This is a book about hope in a world of chaos.

Misdiagnosed A. Robert Smith 2001-01-01 Following two broken marriages and her mother's suicide, Jane came into the happiest time of her life with a new love -- only to have it end tragically. Her death certificate states that she died of "metastatic carcinoma of unknown primary" -- medical lingo for a cancer whose source remains a mystery. That explanation fails to reveal how Jane was placed in harm's way by health-care practitioners who belittle one another's valuable skills, refuse to cooperate, misdiagnose (or make no attempt to diagnose), and who believe that their treatment plan is the only plan, thereby putting the patient at risk. This poignant story, told through Jane's private journals by her author husband, is a cautionary tale for everyone caught in the crossfire of America's medical "cold war." Book jacket.

Testimony Robbie Robertson 2016-11-15 New York Times Bestseller • On the 40th anniversary of The Band's legendary The Last Waltz concert, Robbie Robertson finally tells his own spellbinding story of the band that changed music history, his extraordinary personal journey, and his creative friendships with some of the greatest artists of the last half-century. Robbie Robertson's singular contributions to popular music have made him one of the most beloved songwriters and guitarists of his time. With songs like "The Weight," "The Night They Drove Old Dixie Down," and "Up on Cripple Creek," he and his partners in The Band fashioned a music that has endured for decades, influencing countless musicians. In this captivating memoir, written over five years of reflection, Robbie Robertson employs his unique storyteller's voice to weave together the journey that led him to some of the most pivotal events in music history. He recounts the adventures of his half-Jewish, half-Mohawk upbringing on the Six Nations Indian Reserve and on the gritty streets of Toronto; his odyssey at sixteen to the Mississippi Delta, the fountainhead of American music; the wild early years on the road with rockabilly legend Ronnie Hawkins and The Hawks; his unexpected ties to the Cosa Nostra underworld; the gripping trial-by-fire "going electric" with Bob Dylan on his 1966 world tour, and their ensuing celebrated collaborations; the formation of the Band and the forging of their unique sound, culminating with history's most famous farewell concert, brought to life for all time in Martin Scorsese's great movie *The Last Waltz*. This is the story of a time and place--the moment when rock 'n' roll became life, when legends like Buddy Holly and Bo Diddley criss-crossed the circuit of clubs and roadhouses from Texas to Toronto, when The Beatles, Hendrix, The Stones, and Warhol moved through the same streets and hotel rooms. It's the story of exciting change as the world

tumbled through the '60s and early 70's, and a generation came of age, built on music, love and freedom. Above all, it's the moving story of the profound friendship between five young men who together created a new kind of popular music. Testimony is Robbie Robertson's story, lyrical and true, as only he could tell it.

S.t.p. Robert Greenfield 2009-04-28 "One of the greatest rock books ever written." -- GQ Thirty years ago, the Rolling Stones swept America, taking Exile on Main Street to Main Streets across the nation. Everyone held their breath to see what would happen; the Stones' previous U.S. tour had been a chaotic circus culminating in the infamous death of a fan at Altamont. And this tour (the "Stones Touring Party") was rumored to be wilder than ever: bigger shows in major arenas, with a far larger entourage and even more drugs. Robert Greenfield went along for the ride, and came away with a riveting insider's account, called by Ian Rankin "one of the greatest rock books ever written." The reality lived up to the rumor: take one part Lee Radziwill, a dash of Truman Capote, set the scene at Hef's Playboy mansion, and toss in the county jail for good measure. That was the Stones Touring Party, the ultimate rock 'n' roll band at the height of its spectacular depravity.

The Mystery of the Third Lucretia Susan Runholt 2009-06-25 If it hadn't been for Lucas's photographic memory, they might not have remembered the man. It had been almost a year since she and Kari noticed him copying a famous Rembrandt painting in the Minneapolis Institute of Arts. But now in the National Gallery in London, they spot the same guy, copying another Rembrandt. Then, when a never-before-seen Rembrandt painting is discovered in Amsterdam, the girls begin to suspect the truth. Convinced that no one will believe them without hard and fast evidence, the teenage sleuths embark on a madcap adventure to find the forger and bring him to justice.
