**Byculla to Bangkok** Hussain Zaidi 2017-08-16 The high-stakes game of the underworld has new faces, working for and against Dawood Ibrahim - the shadowy, manipulative figure that pulls the strings. Dawood's own deputy turned arch-rival Chhota Rajan, thug-turned-politician Arun Gawli, Amar (Raavan) Naik and his engineer brother Ashwin Naik, and a host of other characters, big and small, walk the pages of this compelling history of the Maharashtrian mobsters who were once dubbed 'amchi muley', 'our boys', by Shiv Sena chief Bal Thackeray. Equally fascinating are the stories of the famous - and infamous - policemen and 'encounter specialists' who took the gangs on with great success and not too many scruples. Violence and deceit one expects to read of, but the strength of this book is also its ability to capture the mundane - almost naive - beginnings of what very quickly became the organized crime and brutal vendettas that held Mumbai to ransom through the last decades of the twentieth century. Meticulously researched and thrillingly told by the acknowledged expert on the underworld, this is faster-paced than Dongri to Dubai, and even more chilling in its implications for India and the subcontinent.

**Dilip Kumar** Dilip Kumar 2014-07-28 An authentic, heartfelt and compelling narrative - straight from the horse's mouth - that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another - in his almost six-decade-long career - on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from

other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is 'full of distortions and misinformation', he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was Jwar Bhata (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as Jugnu, Shaheed, Mela, Andaz, Deedar, Daag and Devdas. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as Azaad and Kohinoor, apart from a scintillating portrayal as a gritty tonga driver in Naya Daur. After a five-year break he started his 'second innings' with Kranti (1981), after which he appeared in a series of hits such as Vidhaata, Shakti, Mashaal, Karma, Saudagar and Qila.

**Organization Space** Keller Easterling 2001-08-24 Bridging the gap between architecture and infrastructure, Easterling views architecture as part of an ecology of interrelationships and linkages, and she treats the expression of organizational character as part of the architectural endeavor. The dominant architectures in our culture of development consist of generic protocols for building offices, airports, houses, and highways. For Keller Easterling these organizational formats are not merely the context of design efforts—they are the design. Bridging the gap between architecture and infrastructure, Easterling views architecture as part of an ecology of interrelationships and linkages, and she treats the expression of organizational character as part of the architectural endeavor. Easterling also makes the case that these organizational formats are improvisational and responsive to circumstantial change, to mistakes, anomalies, and seemingly illogical market forces. By treating these irregularities opportunistically, she offers architects working within the customary development protocols new sites for making and altering space. By showing the reciprocal relations between systems of thinking and modes of designing, Easterling establishes unexpected congruencies between natural and built environments, virtual and physical systems, highway and communication networks, and corporate and spatial organizations. She frames her unconventional notion of site not in terms of singular entities, but in terms of relationships between multiple sites that are both individually and collectively adjustable.

**The Climate Solution** Mridula Ramesh 2018-05-30 From fatal heatwaves and cruel droughts to devastating floods and fast-depleting water tables, climate change is the greatest disruptor of our time ? and it can no longer be ignored. For most of us the odds seem overwhelming and solutions seem out of reach. Yet, in this forcefully argued book, climate change practitioner, teacher and investor Mridula Ramesh emphasizes that while the situation is grim, it is not without hope. Drawing on her extensive practical and investing experience, she explores myriad facets of this raging issue: why women are peculiarly affected by a warming climate; how climate change poses a security

threat to the Indian state; why just focussing on green sources of power is an incomplete solution for India; how managing waste can create hundreds of thousands of urban jobs and how households can cope in a 'Day Zero' water situation. In doing so, she shows how climate warriors, from the cotton fields of Punjab and thriving eco start-ups in Bengaluru, to a forest guardian in Assam and the johads of Rajasthan, have employed ingenuity and initiative to adapt to the changing conditions ? and sometimes reverse their shattering effects. Timely, urgent and thought-provoking, this book is an urgent call to action ? and an essential manifesto for every Indian citizen to follow.

**The World in 1800** Olivier Bernier 2018-01-22 "Olivier Bernier's richly detailed, engaging, and elegant books offers a splendid refresher course on a pivotal moment in world history - the dawn of the modern era." - Francine du Plessix Gray In the year 1800, almost everyone lived very

much as their ancestors had, going back countless generations. In the countryside, illiterate peasants - the majority of the population - still scratched out a living from the soil, while in the cities, merchants hawked their wares in open-air market stalls and nobles led lives of opulent leisure. Yet everywhere were unmistakable signs that all of this would soon change forever. Spread by France's seemingly invincible citizens' army, the seeds of republicanism had been planted throughout Europe. In the Americas, the United States had proved to the world the feasibility of a government of, by, and for the people, and Mexico was threatening to follow its lead. And while it still took four months for an official dispatch to travel from London to Calcutta, Europe's leading nations - France and England - had established global empire-building strategies. In the year 1800, the world suddenly found itself enmeshed in a web of money, war, and political intrigue, out of which a new world - our world - was struggling to be born. Bringing all his talents as a first-rate storyteller to bear, Bernier takes us inside the courts and parliaments of the major powers to listen in on the political discourse of the day. He leads us into the boudoirs and ballrooms of the rich, the cramped homes of the middle class, and the hovels of the poor to provide an intimate glimpse of the private lives of the first modern men and women. A spellbinding account of one of the most momentous chapters in the story of civilization, *The World in 1800* is a singular achievement by a premier historian and an irresistible read.

Each chapter in *Anticipating India*, in its questioning of power, its use and abuse, carries within it ideas of India that challenge conventional wisdom, shatter stereotypes and, in the end, question our long-held assumptions of who we are as a nation and a people.

Romaji Diary and Sad Toys Takuboku Ishikawa 2011-09-20 The novella *Romaji Diary* represents the first instance of a Japanese writer using

romaji (roman script) to tell stories in a way that could not be told in kana or kanji. *Sad Toys* is a collection of 194 Tanka, the traditional 31-syllable poems that are evocative of Japan's misty past and its tentative steps into the wider world. The publication of this edition of two of Takuboku Ishikawa's finest and most popular works together in translation has proven to be interesting from various standpoints. *Romaji Diary* and the collection of tanka, *Sad Toys*, while different forms of literature, are not as dissimilar as they appear on the surface. Takuboku himself wrote that poetry "must be an exact report, an honest diary, of the changes in a man's emotional life," and these tanka are indeed as much a diary as a standard prose one. Both works reflect clearly, honestly, and poignantly the emotions and philosophy of a complex individual living in a time of profound change in Japan. *Romaji Diary* is here presented in full in English for the first time.
