This four-volume set examines every social movement in American history - from the great struggles for abolition, civil rights, and women's equality to the more specific quests for prohibition, consumer safety, unemployment insurance, and global justice.

[Letter From James Boyle to Wm; Lloyd Garrison](#) James Boyle 2018-01-18

Excerpt from Letter From James Boyle to Wm; Lloyd Garrison: Respecting the Clerical Appeal, Sectarianism, True Holiness, &C IN giving publicity to the following letter, (which has been addressed to me by one with whom I have no personal acquaintance, and of whose history I am comparatively ignorant,) I anticipate no little agitation among those who are perversely wedded to the various religious sects, and the bestowal upon my head of no small amount of opprobrium as a heretic.' For whatever consequences may arise from its publication, I am fully prepared. It is a letter, which, bearing as I think it does the divine impress, and being impregnated with the Spirit of truth, I dare not suppress. It is of heaven, not of men.' It utters momentous truths in startling language. It is a testimony for God which cannot be overthrown, though it may be misapprehended, misrepresented, or ridiculed by those who read it. That there are thousands of enfranchised souls, who will hail its appearance with joy, I have no doubt nor is it less certain that a still greater number will be found, in whom it will excite sectarian animosity, and a pharisaical and persecuting spirit. Whoever has ceased from man, and emancipated himself from the thralldom of carnal ordinances and proscriptive creeds, and realized what it is to be a freeman in the Lord, will be greatly refreshed by its perusal. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. The Communitarian Moment Christopher Clark 2019-06-07 In 1842 a group of radical abolitionists formed a community in Northampton, Massachusetts, in order to pioneer "a better and purer state of society." Calling themselves the Northampton Association of Education and Industry, they envisioned a world free of poverty and inequality, religious intolerance, slavery and racial injustice. In telling the fascinating and little-known history of the Association, Christopher Clark offers insights into the "communitarian moment" of the 1840s which saw the establishment of dozens of utopian communities by Americans determined to challenge the tenets of their society. One of the few places in mid-nineteenth-century America where white and black people could live as equals, the Northampton community was home to almost two hundred and fifty men, women, and children during its four and a half years of existence. The membership comprised an unusual collection of individuals, among them small manufacturers, abolitionist lecturers,

teachers, craftsmen, laborers, and former slaves, including Sojourner Truth. Offering biographical sketches of a variety of intriguing characters, Clark describes the inhabitants' daily routines, their struggle to support themselves through the production of silk, the roles of men and women, and tensions among members of different cultural backgrounds. Finally, he looks at the reasons for the closing of the community and follows the lives of its members, recounting the subsequent softening of their political convictions. Throughout his masterful narrative, Clark views the Northampton Association in its wider social and cultural context. He shows how, by attempting to initiate radical change, the Association and other utopian groups tested the ideological limits of antebellum society. Clark helps us understand both the significance of their vision and what was lost when that vision was abandoned.

James G. Birney and His Times William Birney 1890

The Frederick Douglass Papers Frederick Douglass 2009-12-08 This volume of The Frederick Douglass Papers represents the first of a four-volume series of the selected correspondence of the great American abolitionist and reformer. Douglass's correspondence was richly varied, from relatively obscure slaveholders and fugitive slaves to poets and politicians, including Horace Greeley, William H. Seward, Susan B. Anthony, and Henry Wadsworth Longfellow. The letters acquaint us with Douglass's many roles—politician, abolitionist, diplomat, runaway slave, women's rights advocate, and family man—and include many previously unpublished letters between Douglass and members of his family.

Douglass stood at the epicenter of the political, social, intellectual, and cultural issues of antebellum America. This collection of Douglass's early correspondence illuminates not only his growth as an activist and writer, but the larger world of the times and the abolition movement as well.

The Letters of William Lloyd Garrison: No union with

Topics seen within include race relations, abolition of slavery, the rights of women, the role of religion and religious institutions, and the relation of the state and its citizens."--

Sojourner Truth's America Margaret Washington 2011-04-21 This fascinating biography tells the story of nineteenth-century America through the life of one of its most charismatic and influential characters: Sojourner Truth. In an in-depth account of this amazing activist, Margaret Washington unravels Sojourner Truth's world within the broader panorama of African American slavery and the nation's most significant reform era. Born into bondage among the Hudson Valley Dutch in Ulster County, New York, Isabella was sold several times, married, and bore five children before fleeing in 1826 with her infant daughter one year before New York slavery was abolished. In 1829, she moved to New York City, where she worked as a domestic, preached, joined a religious commune, and then in 1843 had an epiphany. Changing her name to Sojourner Truth, she began traveling the country as a champion of the downtrodden and a spokeswoman for equality by promoting Christianity, abolitionism, and women's rights. Gifted in verbal eloquence, wit, and biblical knowledge, Sojourner Truth possessed an earthy, imaginative, homespun personality that won her many friends and admirers and made her one of the most popular and quoted reformers of her times. Washington's biography of this remarkable figure considers many facets of Sojourner Truth's life to explain how she became one of the greatest activists in American history, including her African and Dutch religious heritage; her experiences of slavery within contexts of labor, domesticity, and patriarchy; and her profoundly personal sense of justice and intuitive integrity. Organized chronologically into three distinct eras of Truth's life, *Sojourner Truth's America* examines the complex dynamics of her times, beginning with the transnational contours of her spirituality and early life as Isabella and her embroilments in legal controversy. Truth's awakening during nineteenth-century America's progressive surge then propelled her ascendancy as a rousing preacher and political orator despite her inability to read and write. Throughout the book, Washington explores Truth's passionate commitment to family and community, including her vision for a beloved community that extended beyond race, gender, and socioeconomic condition and embraced a common humanity. For Sojourner Truth, the significant model for such communalism was a primitive, prophetic Christianity. Illustrated with dozens of images of Truth and her contemporaries, *Sojourner Truth's America* draws a delicate and compelling balance between Sojourner Truth's personal motivations and the influences of her historical context. Washington provides important insights into the turbulent cultural and political climate of the age while also separating the many myths from the facts concerning this legendary American figure.

Sojourner Truth: A Life, A Symbol Nell Irvin Painter 1997-10-17 A monumental biography of one of the most important black women of the nineteenth century. Sojourner Truth first gained prominence at an 1851 Akron, Ohio, women's rights conference, saying, "Dat man over dar say dat woman needs to be helped into carriages, and lifted over ditches. . . . Nobody eber helps me into carriages, or ober mud-puddles . . . and ar'n't I a woman?" Sojourner Truth: ex-slave and fiery abolitionist, figure of

imposing physique, riveting preacher and spellbinding singer who dazzled listeners with her wit and originality. Straight-talking and unsentimental, Truth became a national symbol for strong black women--indeed, for all strong women. Like Harriet Tubman and Frederick Douglass, she is regarded as a radical of immense and enduring influence; yet, unlike them, what is remembered of her consists more of myth than of personality. Now, in a masterful blend of scholarship and sympathetic understanding, eminent black historian Nell Irvin Painter goes beyond the myths, words, and photographs to uncover the life of a complex woman who was born into slavery and died a legend. Inspired by religion, Truth transformed herself from a domestic servant named Isabella into an itinerant pentecostal preacher; her words of empowerment have inspired black women and poor people the world over to this day. As an abolitionist and a feminist, Truth defied the notion that slaves were male and women were white, expounding a fact that still bears repeating: among blacks there are women; among women, there are blacks. No one who heard her speak ever forgot Sojourner Truth, the power and pathos of her voice, and the intelligence of her message. No one who reads Painter's groundbreaking biography will forget this landmark figure and the story of her courageous life.

God's Government Begun Thomas D. Hamm 1995-11-22 Growing out of the most radical fringes of the abolitionist movement, the Society for Universal Inquiry and Reform set out to inaugurate a new social order based on the principles of nonresistance. The Society founded eight utopian communities which, though short-lived, were the setting for the most radical questioning of antebellum American society. The members of the Society renounced all forms of coercive relationships. They attempted to live without government or private property and to model new visions of work, education, religion, economics, women's rights and roles, and community. This book tells the story of their impassioned attempt to transform the world and begin the "Government of God."

Puritan Spirits in the Abolitionist Imagination Kenyon Gradert

2020-04-10 The Puritans of popular memory are dour figures, characterized by humorless toil at best and witch trials at worst. "Puritan" is an insult reserved for prudes, prigs, or oppressors. Antebellum American abolitionists, however, would be shocked to hear this. They fervently embraced the idea that Puritans were in fact pioneers of revolutionary dissent and invoked their name and ideas as part of their antislavery crusade. *Puritan Spirits in the Abolitionist Imagination* reveals how the leaders of the nineteenth-century abolitionist movement—from landmark figures like Ralph Waldo Emerson to scores of lesser-known writers and orators—drew upon the Puritan tradition to shape their politics and personae. In a striking instance of selective memory, reimagined aspects of Puritan history proved to be potent catalysts for abolitionist minds. Black writers lauded slave rebels as new Puritan soldiers, female antislavery militias in Kansas were cast as modern Pilgrims, and a direct lineage of radical democracy was traced from these early New Englanders through the American and French Revolutions to the abolitionist movement, deemed a "Second Reformation" by some. Kenyon Gradert recovers a striking influence on abolitionism and recasts our understanding of puritanism, often seen as a strictly conservative ideology, averse to the worldly rebellion demanded by abolitionists.

An Ordered Love Louis J. Kern 1981 *An Ordered Love* is the first detailed study of sex roles in the utopian communities that proposed alternatives to monogamous marriage: The Shakers (1779-1890), the Mormons

(1843-90), and the Oneida Community (1848-79). The lives of men and women

[Dictionary Catalog of the Harris Collection of American Poetry and Plays, Brown University Library, Providence, Rhode Island Brown University. Library 1972](#)

The Man Who Would Be Perfect Robert David Thomas 2016-11-11 John Humphrey Noyes, founder of utopian communities in Putney, Vermont, and Oneida, New York, remain one of the most enigmatic reformers of the nineteenth century. The last biography, written over forty years ago, portrayed Noyes as a "Yankee Saint," a man of progressive ideas and religious vision. Yet he has also been called a "Vermont Casanova" whose elaborate theology of Perfection is simply justified the license he took with the women in his communities. Robert David Thomas makes a convincing case that Noyes, though riven by conflict and full of contradictions, had his finger on the social and cultural problems that were bothering a great many Americans of his time. Studied out of context, Noyes must remain a mystery-radical yet conservative, shy yet arrogant, retiring, and passive yet forceful, even oppressive, in his leadership. But against the background of nineteenth-century American activism and religious enthusiasm, John Humphrey Noyes emerges as a man who overcame a tortured personal life and marshaled his inner resources to grapple with a confusing and rapidly changing social world. Using modern theories of the ego, Thomas provides a psychologically consistent portrait of Noyes and therein a new perspective on the roots of nineteenth-century Perfectionism, utopian, reform, sexual ideology, and family theory. More than a conventional psycho-biography, this study assumes a sociological theme in its explanations of the social tensions of the era and the sources of "disorder" now so frequently mentioned in studies of the previous century.

Proceedings of the American Anti-Slavery Society at its third decade, held in the city of Philadelphia, Dec. 3rd and 4th, 1863, with an appendix and a catalogue of Anti-Slavery publications in America from 1750 to 1863 American Anti-Slavery Society (UNITED STATES OF AMERICA) 1864

Religious and Secular Reform in America David K. Adams 1999-06 From its earliest days, the United States has provided fertile ground for reform movements to flourish. In this volume, twelve eminent historians assess religious and secular reform in America from the eighteenth century to the present day. The essays offer a mix of general overviews and specific case studies, addressing such topics as radical religion in New England, leisure in antebellum America, Sabbatarianism, the Women's Christian Temperance Union, and Evangelicalism, social reform, and the U.S. welfare state. Suitable for students, the essays, each based on original research, will also be of interest to researchers and academics working in this area, as well as to all those with an interest in the history of religious and secular reform in America.

A Yankee Saint Robert Allerton Parker 2016-01-27 Considered to be one of the definitive biographies on John Humphrey Noyes, an American preacher, radical religious philosopher, and utopian socialist who founded the Putney, Oneida, and Wallingford Communities and is credited for having coined the term "free love".
