Pre-Incident Indicators of Terrorist

Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S.

from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

How Democracies Die Steven Levitsky
2019-01-08 NEW YORK TIMES BESTSELLER • “Comprehensive, enlightening, and terrifyingly timely.”—The New York Times Book Review (Editors' Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste
Donald Trump’s presidency has raised a question that many of us never thought we’d be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* “What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that.”—The Washington Post “Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics.”—Ezra Klein,

Vox “If you only read one book for the rest of the year, read *How Democracies Die*. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest.”—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal.”—Fareed Zakaria, CNN

Alive and Kicking David Bryce 2011-11-04 From running with the infamous Calton Tongs to running Calton Athletic, David Bryce's life story is a remarkable account of crime, violence, alcoholism and drug addiction in Glasgow's gangland. A respected 'hard man', Bryce worked his way through most of HM's prisons in Scotland before an epiphany in 1977 made him realise that he was a hopeless alcoholic who needed help. A five-year battle followed, during which he sank into the abyss of heroin addiction before finally getting clean. In 1985, in an effort to help others who were struggling against substance abuse, Bryce set up Calton Athletic, a football team and social group made up solely of recovering drug addicts. Reformed gangster Jimmy Boyle was one of the first to have faith in Bryce and Calton Athletic, but the club eventually won widespread respect. Gordon Brown, then a young MP, was so impressed that he wrote an article for *The Observer* which led to a TV film starring Lenny Henry and Robbie Coltrane. In the '90s, Ewan McGregor, Irvine Welsh and the *Trainspotting* crew sought Bryce's advice and friendship during the making of the internationally acclaimed cult film, while Robbie Williams begged to switch nationality and play for Calton Athletic in an 'England v. Scotland' celebrity charity match. Bryce's uncompromising belief that the only way to come off drugs is to go cold turkey and stay completely clean saw him clash with government agencies over the 'harm-reduction' policy of recent years. The club's statutory funding was withdrawn in 1998, but today Calton Athletic are still providing an invaluable lifeline while the 'official' drugs policy has become increasingly discredited. *Alive and Kicking* is an inspirational tale of survival and

success against the odds.
