The Extravagance of Music David Brown  
2018-07-13 This book explores the ways in which music can engender religious experience, by virtue of its ability to evoke the ineffable and affect how the world is open to us. Arguing against approaches that limit the religious significance of music to an illustrative function, *The Extravagance of Music* sets out a more expansive and optimistic vision, which suggests that there is an 'excess' or 'extravagance' in both music and the divine that can open up revelatory and transformative possibilities. In Part I, David Brown argues that even in the absence of words, classical instrumental music can disclose something of the divine nature that allows us to speak of an experience analogous to contemplative prayer. In Part II, Gavin Hopps contends that, far from being a wasteland of mind-closing triviality, popular music frequently aspires to elicit the imaginative engagement of the listener and is capable of evoking intimations of transcendence. Filled with fresh and accessible discussions of diverse examples and forms of music, this ground-breaking book affirms the disclosive and affective capacities of music, and shows how it can help to awaken, vivify, and sustain a sense of the divine in everyday life.

**Off Broadway Musicals, 1910-2007** Dan Dietz  
2010-03-10 Despite an often unfair reputation as being less popular, less successful, or less

refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular *A Chorus Line* and *Rent* to more off-beat productions like *Avenue Q* and *Little Shop of Horrors*. And while it remains to be seen if other popular Off Broadway shows like *Stomp*, *Blue Man Group*, and *Altar Boyz* will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

**Sustainable Energy for All 2015** 2015

*Sustainable Energy for All* seeks to improve the lives of billions of people across the world and

ensure a more sustainable future by working to achieve its three global objectives: universal access to energy; doubling of the rate of improvement in energy efficiency; and doubling of the share of renewable energy in the global energy mix. Accountability and transparency are essential for tracking Sustainable Energy for All's global progress. Doing so will clarify where the initiative stands, how various actions are contributing to the three objectives, how much remains to be accomplished, and where more action is needed to achieve Sustainable Energy For All. This second edition of the SE4ALL Global Tracking Framework provides an update of how the world has been moving towards the three objectives over the period 2010-2012. The report also explores a number of complementary themes. First, it provides further analysis of the financial cost of meeting the SE4ALL objectives as well as the geographical and technological distribution of the investments that need to be made. Second, it explores the extent to which countries around the world have access to the technology needed to make progress towards the three goals. Third, it identifies the improvements in data collection methodologies and capacity building that will be needed to provide a more nuanced and accurate picture of progress over time. Finally, this new edition of the Global Tracking Framework explores and introduces nexus concepts focusing on the links between energy and four priority areas of development: food, water, human health, and gender. Links between most of these areas and energy are well established, but often presented in isolation of each other.

**Let There Be Light** Elaine L. Wilson 2012-10-06 The National Cathedral in Washington, DC is the people's cathedral. All who choose to worship are welcome. The art that encases the perimeter of the magnificent structure, as well as the glorious images held within, recant historically significant events in the history of the United States and illustrate stories from The Holy Bible. The stained glass windows sparkle like precious gems on bright days and serve to spill rainbows of colors onto the ages old floors beneath them. Lawrence Bradford Saint was a primary contributor to the cathedral's stain glass. His visual interpretation of the life of Moses is a window not to be missed.

The book includes information about the founding and construction of the National Cathedral, details in the life of Saint, the life of Moses, and the fine art of making quality stained glass.

The Intersolar Commonwealth, a sphere of stars, contains more than six hundred worlds interconnected by a web of transport "tunnels" known as wormholes. At the farthest edge of the Commonwealth, astronomer Dudley Bose observes the impossible: over one thousand light-years away, a star . . . disappears. Since the location is too distant to reach by wormhole, the *Second Chance*, a faster-than-light starship commanded by Wilson Kime, a five-times-rejuvenated ex-NASA pilot, is dispatched to learn what has

occurred and whether it represents a threat. Opposed to the mission are the Guardians of Selfhood. Shortly after the journey begins, Kime wonders if the crew of the Second Chance has been infiltrated. But soon enough he will have other worries. Halfway across the galaxy, something truly incredible is waiting: a deadly discovery whose unleashing will threaten to destroy the Commonwealth . . . and humanity itself. **Things to Do** Elaine Magliaro 2017-02-07 With playful prose and vivid art, *Things to Do* brings to life the small moments and secret joys of a child's day. There are wonders everywhere. In the sky and on the ground—blooming in a flower bed, dangling from a silken thread, buzzing through the summer air—waiting . . . waiting to be found. In this thoughtful and ingenious collection of poems, Elaine Magliaro, an elementary school teacher for more than three decades and a school librarian for three years, and illustrator Catia Chien provide a luminous glimpse of the ordinary wonders all around us. Plus, this is the fixed format version, which looks almost identical to the print edition.

*August Wilson* Patti Hartigan 2023-08-15 The first authoritative biography of August Wilson, the most important and successful American playwright of the late 20th century, by a theater critic who knew him. August Wilson wrote a series of ten plays celebrating African American life in the 20th century, one play for each decade. No other American playwright has completed such an ambitious oeuvre. Two of the plays became successful films, *Fences*, starring Denzel Washington and Viola Davis; and *Ma Rainey's Black Bottom*, starring Viola Davis and Chadwick Boseman. *Fences* and *The Piano Lesson* won the Pulitzer Prize for Drama; *Fences* won the Tony Award for Best Play, and years after Wilson's death in 2005, *Jitney* earned a

Tony Award for Best Revival of a Play. Through his brilliant use of vernacular speech, Wilson developed unforgettable characters who epitomized the trials and triumphs of the African American experience. He said that he didn't research his plays but wrote from "the blood's memory," a sense of racial history that he believed African Americans shared. Author and theater critic Patti Hartigan traced his ancestry back to slavery, and his plays echo with uncanny similarities to the history of his ancestors. She interviewed Wilson many times before his death and traces his life from his childhood in Pittsburgh (where nine of the plays take place) to Broadway. She also interviewed scores of friends, theater colleagues and family members, and conducted extensive research to tell the story of a writer who left an indelible imprint on American theater and opened the door for future playwrights of color.

The scripture selections are all from The Book of Psalms, a favorite of all Judeo-Christian faiths. *In Praise* gently reminds us to be thankful for our joys and blessings.

**Let There Be Light** Elaine Wilson 2015-07-01

"Let There Be Light" is about two men and a building... an artist, a prophet and a cathedral.

The building is the National Cathedral in Washington, D.C. ... "The People's Cathedral." As the sixth largest cathedral in the world, it hosts a treasure trove of magnificent art and architecture. One man is Moses, a man who led a life he never expected... Egyptian Prince, Midian herdsman, Prophet and leader of the Israelite Exodus from 400 years of bondage in Egypt. He suffered abuse as the wandering Jewish nation grew weary and disillusioned, he met and spoke face-to-face with God, he received, not one, but two sets of Ten Commandments, and, after all that, he died before stepping foot in the Promised Land. The other man is the former Director of the Stained Glass Department for the National Cathedral, Lawrence Bradford Saint... remembered as a fine-but-curious, American, stained glass artist. Due to his tireless research, the USA boasts the finest, 20th Century, stained glass in the world. He created the Moses Window for the National Cathedral in the 1930's.

[In Search of the Perfect Loaf](#) Samuel Fromartz 2014-09-04 "An invaluable guide for beginning bakers." -Sam Sifton, The New York Times In 2009, journalist Samuel Fromartz was offered the assignment of a lifetime: to travel to France to work in a boulangerie. So began his quest to hone not just his homemade baguette—which later beat out professional bakeries to win the "Best Baguette of D.C."—but his knowledge of bread, from seed to table. For the next four years, Fromartz traveled across the United States and Europe, perfecting his sourdough in California, his whole grain rye in Berlin, and his

country wheat in the South of France. Along the way, he met historians, millers, farmers, wheat geneticists, sourdough biochemists, and everyone in between, learning about the history of breadmaking, the science of fermentation, and more. The result is an informative yet personal account of bread and breadbaking, complete with detailed recipes, tips, and beautiful photographs. Entertaining and inspiring, this book will be a touchstone for a new generation of bakers and a must-read for anyone who wants to take a deeper look at this deceptively ordinary, exceptionally delicious staple: handmade bread.

Elaine Laurence Carter 2015-12-03 At 23 Elaine has achieved much more than a woman of her age in 1939 might have expected - or predicted. She is single minded, ambitious and highly intelligent and can handle the heavy responsibility that has fallen on her as war threatens. It seems that anything is possible. She is wooed by a neighbour, one of 'nature's gentleman', modest, unselfish, but limited. Frank desperately wants to marry her. Then she meets Robert Leonard, owner of the largest department store in Brighton, the most eligible man in the town and falls deeply in love with a man who seems to correspond to all her instincts and ambitions. The story takes Elaine and her family through the war and into the fifties and as she watches her bright daughter grow up she is determined that she shall not fall into the trap that ensnared Elaine. This is Part One of The Brighton Trilogy.

**Ungolden Silence** Lydia E. Brew 2007-12-13 A few years ago, two teenage girls were kidnapped and their names were given on the national

news. Luckily they were found alive. It was determined that they had been sexually assaulted, and their names were not given after that. What is wrong with this picture? We hear the name of every crime victim except the name of people that are sexually assaulted. We are protecting their privacy as if they have done something wrong. Rape is a crime just like murder, stealing, robbing a bank, carjacking and any and every other crime that we have to deal with as a society. Sometimes a rape victim is shown on television but her face is not shown because she is frightened that her rapist will come back to hurt her. This is understandable. However, when the rapist is in jail and the victim is on television her face is still hidden. Why? Another question is why are rape victims reluctant to come forward and report that someone has just raped them? Could the reason be that the rapist is the victim's boss, teacher, colleague, boyfriend, a family member, a casual acquaintance, or maybe a stranger? Ungolden Silence is an exploration of how rape is treated in the United States. It is imperative to change the way that society looks and deals with this social taboo. Ungolden Silence is a novel that will leave the reader with many questions. It will also attempt to answer some of the questions that society asks but never seem to want to answer. We must look at the history of how men have been allowed to treat women. It is important not to just know the information, it is important to act on it. Ungolden Silence will explore the world of rape and expose the myths through articles that are based on facts. The main questions that needs to be answered in why one human being would rape another human being. These reasons are explored in the story. When any crime takes place, the families of the victims as well as the criminal are involved. Ungolden Silence will illustrate that the criminal is a real person, and rarely do they commit crimes just for the fun of it. It is important to know that rape is a part of violence. Through the characters of Ungolden Silence it is hoped that society will begin to find a way to eliminate the acceptance of violence, which includes the act of rape. It is imperative that society understands that rape does not stand on an island by itself. Rape is a room in the house of violence. When looking into the house of

violence we cannot just go into the front door and head to the rape room. We must look at other rooms. One room we must look into is the room of abuse. When we enter the room we see that there are different kinds of abuse. They are sexual, physical, and mental. Again the main question is why a man or a woman will rape another person. While the answer is far too complex Ungolden Silence will attempt to give some possible explanation. The answers are not simple or exact. Each rape case is as unique as the persons involved -- both perpetrator and the victim. Ungolden Silence looks at this social taboo in a unique way. The Calloway Firm, where the owners and employees are African-Americans, sends two women to Washington D.C. to begin a campaign to create awareness about the disabled. Their client, Mrs. Stevens is impressed with the professionalism that Beatrice and Elaine show as they share their ideas for the campaign to increase the awareness of the disabled. Mrs. Stevens is amazed to see that Elaine really is in charge of the project. The story changes when Mr. Thomas Paige, a very influential African-American in the city comes into the picture. Mrs. Stevens, though an extremely rich and influential American woman of European descent, is very excited to have Mr. Paige on the project. Beatrice is ex

**The Miracle of You** Elaine L. Wilson

2017-09-05 I am surviving cancer. I refuse to allow an unwelcome guest to live inside of me. I am determined nothing... neither its hunger, nor the negativities of any other experience... will eat me alive. I am attacking on all fronts... medically, psychologically, and spiritually. As part of my positive program toward recovery I reread an earlier book I published called "The Miracle of You." With fresh and imploring eyes I gained renewed strength from its message; and I realized an answer to my prayers for healing rested with a "Revised Edition" of the earlier book. My prayers also included guidance so I might ultimately help others facing life-challenging adventures of all types. If you are searching for courage, a solid underpinning for your journey, and a source of wisdom and truth then this book is meant for you. As you walk your life's path and encounter rough patches in your way, they should not dissuade you from your goals. No matter the stumbling blocks, there is hope and empowerment waiting to shower rich blessings on you. Since strength can be gained from numbers, this book intentionally relates selected tales from the lives of others who walked through dim halls of discouragement. Ultimately they emerged into the light stronger and more humanly human than they had been before. Remember, in the Universe, timing is precise and no circumstance is unintended, nor is it impossible to surmount. God gives us all that we need when he deems we need it... the joyful times and the joyless ones. Ours is not to question his timing for it is perfect, even when you and I do not think so and certainly do not wish it to be so. Read and reflect on the stories and information in "The Miracle of You, Revised Edition." Learn what an amazing miracle you are and how you can grow and become even more than you think you are. *AF Press Clips* 1981

School-based Research Elaine Wilson

2009-01-18 "This book will provide a very valuable resource for developing teachers and their University tutors. There is great breadth and depth in reflections upon different aspects of researching school based practice and the reader is guided carefully through the

challenging processes of devising enquiries, collecting evidence, analysing data and writing up research. The book can be used on different levels - from quick reference to thorough analysis on research methodology. The examples drawn from the work of new researchers on M level PGCEs and MA programmes provide excellent models for reflection' - Simon Thompson, Director of Initial Teacher Education at the University of Sussex The new M-level PGCE courses require trainee teachers to demonstrate the ability to systematically research their own practice during professional placements. This book is designed to guide students through the research process, supporting novice researchers as they build research skills. The book will help new teachers beginning to use research literature to ask questions about published work, showing that the nature of knowledge sought, and how such knowledge is justified, depends on the standpoint from which questions are asked, what sorts of answers are deemed researchable and the audience to whom results are to be addressed. It also contextualises methodological issues alongside key ideas which teachers are likely to be concerned with, such as ability grouping, pupil voice, pupil behaviour, teaching approaches and pupil motivation. Focused clearly on the needs of the new classroom researcher, this book is a thorough and thoughtful guide to the research process.
