### Saint Margaret of Cortona

François Mauriac 2020-07-28  
The Nobel Prize-winning author's stirring biography of the thirteenth-century Italian penitent who became the patron saint of the homeless. Born in 1247 to a farming family in a small village outside Perugia, Margaret of Cortona was willful and reckless in her

youth. At age seventeen, she became a wealthy man's mistress—even bearing his son out of wedlock. But her life of sin ended when she found her lover murdered. Devoting herself to prayer and penance, Margaret eventually joined the Third Order of St. Francis and took a vow of poverty. She established a hospital for the poor and homeless at Cortona.

On divine command, she challenged her own bishop for his lavish and warlike lifestyle. Canonized by Pope Benedict XIII in 1728, she became a patron saint of the downtrodden, including the falsely accused, homeless, orphaned, and mentally ill, as well as midwives, penitents, single mothers, reformed prostitutes, and third children. For François Mauriac, Saint Margaret of Cortona became a source of fascination and solace during the Nazi occupation of France. During that time, feeling himself and all his countrymen to be among the downtrodden, he wrote this biography.

published in 1999. The many available scholarly works on Italian-Americans are perhaps of little practical help to the undergraduate or high school student who needs background information when reading contemporary fiction with Italian characters, watching films that require a familiarity with Italian Americans, or looking at works of art that can

be fully appreciated only if one understands Italian culture. This basic reference work for non-specialists and students offers quick insights and essential, easy-to-grasp information on Italian-American contributions to American art, music, literature, motion pictures and cultural life. This rich legacy is examined in a collection of original essays that include portrayals of Italian characters in the films of Francis Coppola, Italian American poetry, the art of Frank Stella, the music of Frank Zappa, a survey of Italian folk customs and an analysis of the evolution of Italian-American biography. Comprising 22 lengthy essays written specifically for this volume, the book identifies what is uniquely Italian in American life and examines how Italian customs, traditions, social mores and cultural antecedents have wrought their influence on the American character. Filled with insights, observations and ethnic facts and fictions, this volume should prove to be a valuable source

of information for scholars, researchers and students interested in pinpointing and examining the cultural, intellectual and social influence of Italian immigrants and their successors.

**Bruno Schulz: An Artist, a Murder, and the Hijacking**

**of History** Benjamin Balint  
2023-04-11 A fresh portrait of the Polish-Jewish writer and artist, and a gripping account of the secret operation to rescue his last artworks. The twentieth-century artist Bruno Schulz was born an Austrian, lived as a Pole, and died a Jew. First a citizen of the Habsburg monarchy, he would, without

moving, become the subject of the West Ukrainian People's Republic, the Second Polish Republic, the USSR, and, finally, the Third Reich. Yet to use his own metaphor, Schulz remained throughout a citizen of the Republic of Dreams. He was a master of twentieth-century imaginative fiction who mapped the anxious perplexities of his time; Isaac Bashevis Singer called him "one of the most remarkable writers who ever lived." Schulz was also a talented illustrator and graphic artist whose masochistic drawings would catch the eye of a sadistic Nazi officer. Schulz's art became the currency in which he bought life. Drawing on extensive new reporting and archival research, Benjamin Balint chases the inventive murals Schulz painted on the walls of an SS villa—the last traces of his vanished world—into multiple dimensions of the artist's life and afterlife. Sixty years after Schulz was murdered, those murals were miraculously rediscovered, only to be secretly smuggled by

Israeli agents to Jerusalem. The ensuing international furor summoned broader perplexities, not just about who has the right to curate orphaned artworks and to construe their meanings, but about who can claim to stand guard over the legacy of Jews killed in the Nazi slaughter. By re-creating the artist's milieu at a crossroads not just of Jewish and Polish culture but of art, sex, and violence, Bruno Schulz itself stands as an act of belated restitution, offering a kaleidoscopic portrait of a life with all its paradoxes and curtailed possibilities.

*The Routledge Companion to American Literary Journalism* William E. Dow 2019-11-13 Taking a thematic approach, this new companion provides an interdisciplinary, cross-cultural, and international study of American literary journalism. From the work of Frederick Douglass and Walt Whitman to that of Joan Didion and Dorothy Parker, literary journalism is a genre that both reveals and shapes American history and identity. This volume not only calls attention to literary journalism as a distinctive genre but also provides a critical foundation for future scholarship. It brings together cutting-edge research from literary journalism scholars, examining historical perspectives; themes, venues, and genres across time; theoretical approaches and disciplinary intersections; and new directions for scholarly inquiry. Provoking reconsideration and inquiry,

while providing new historical interpretations, this companion recognizes, interacts with, and honors the tradition and legacies of American literary journalism scholarship.

Engaging the work of disciplines such as sociology, anthropology, African American studies, gender studies, visual studies, media studies, and American studies, in addition to journalism and literary studies, this book is perfect for students and scholars of those disciplines.

**Narratology** Zeineb Derbali  
2023-07-19 The collection of articles compiled in this volume ponder narratological aspects, elements, and features and examine the extent to which the coinage “post-narratology” is applicable in contemporary literature, cultural studies, translation, etc. The contributors’ rethinking of narratology in relation to ethnicity, culture, history, and religion lead to significant implications as far as adherence to or departure from Western classical

narratology is concerned. The notions of plot, storyline, point of view, voice, characters, narrators, and others, paradigmatically structured in the narratological classical model shaped by the Russian Formalists and polished by Tzvetan Todorov, Roland Barthes, and Gérard Genette, are stretched and modified to fit the cultural contexts of written works in various fields.

**Images of Redemption**

Patrick Sherry 2003-05-01

After discussing the "arts of redemption" and their rivals, and introducing soteriology, the theology of salvation, Patrick Sherry argues that the Christian "Drama of Redemption" has three Acts. The next five chapters discuss

the three Acts, namely salvation history, our present human life, and the life to come. In each case, Sherry explains how art and literature can lead to an understanding of what is at stake here. His main concern is with the present life: hence three of those chapters deal with that phase of redemption, one of them specifically with "novels of redemption." The last substantial chapter of the book takes up the general issue of how art and literature contribute to religious understanding: Sherry argues that they may be primary expressions of religious belief, as well as "illustrations," and that as such they may criticise or complement theology, or in turn be open to criticism themselves from that quarter. Finally, he summarises the main theme and briefly discusses some of the particular problems of assessing the arts of redemption. The book's most distinctive feature is the way in which it uses art and literature as a means of religious and

theological understanding. It is not a survey of the arts of redemption, though it uses a wide variety of examples, including ancient Greek drama, Flemish and Italian painting, religious music, and 19th -20th century novels. These examples are used as a tool for understanding what is one of the most difficult areas of theology.

### **The Spanish Civil War in Literature, Film, and Art**

Peter Monteath 1994-09-30

This bibliography is the first attempt to establish a comprehensive list of secondary material relating to the Spanish Civil War in literature, film, and art. It includes books, articles, and chapters in a wide range of languages, including Spanish, English, Russian, French, German, and Italian. Monteath begins the work with an introductory essay surveying the breadth of the scholarship on the cultural manifestations of the war, which he places in

its broader cultural-historical context. The bibliography is organized alphabetically within sections devoted to literature, film, and art, and a general subject index completes the work. Anyone interested in the fiction of Hemingway, the film of Ivens, the art of Picasso, and many of the key figures in Western culture of the 1930s will find this work of value.

**Almost Nothing: The 20th-Century Art and Life of Józef Czapski** Eric Karpeles

2018-11-06 A compelling biography of the Polish painter and writer Józef Czapski that takes readers to Paris in the Roaring Twenties, to the front lines during WWII, and into the late 20th-century art world. Józef Czapski (1896-1993) lived many lives during his ninety-six years. He was a student in Saint Petersburg during the Russian Revolution and a painter in Paris in the roaring twenties. As a Polish reserve officer fighting against the invading Nazis in the opening weeks of the Second

World War, he was taken prisoner by the Soviets. For reasons unknown to this day, he was one of the very few excluded from Stalin's sanctioned massacres of Polish officers. He never returned to Poland after the war, but worked tirelessly in Paris to keep alive awareness of the plight of his homeland, overrun by totalitarian powers. Czapski was a towering public figure, but painting gave meaning to his life. Eric Karpeles, also a painter, reveals Czapski's full complexity, pulling together all the threads of this remarkable life.

**Letters on Art and**

**Literature** François Mauriac 2020-07-28 The Nobel Prize-winning author of Thérèse Desqueyroux shares fascinating insights through correspondence with Albert Camus, Jean Cocteau, and others. Best known as France's great Catholic novelist, François Mauriac was also a playwright, poet, critic, journalist, and member of the Académie Française. He was an influential public intellectual who criticized the Catholic church for supporting Francisco Franco and opposed French rule in Vietnam. As a

columnist for Le Figaro, Mauriac engaged in a famous dispute with Albert Camus about the course of France after its liberation from Nazi occupation. In this collection of letters, Mauriac delves into a variety of topics—from the death of Georges Bernanos to the correspondence between Paul Claudel and Andre Gide, and the Routier youth movement—in exchanges with fellow authors, artists, and intellectuals, as well as the readers of his various articles and columns.

**Christianity and Crisis** 1953  
**The Sociology of Literature**

Gisèle Sapiro 2023-10-24 The Sociology of Literature is a pithy primer on the history, affordances, and potential futures of this growing field of study, which finds its origins in the French Enlightenment, and its most salient expression as a sociological pursuit in the work of Pierre Bourdieu. Addressing the epistemological premises of the field at present, the book also refutes the common criticism that the sociology of literature does not take the

text to be the central object of study. From this rebuttal, Gisèle Sapiro, the field's leading theorist, is able to demonstrate convincingly one of the greatest affordances of the discipline: its in-built methods for accounting for the roles and behaviors of agents and institutions (publishing houses, prize committees, etc.) in the circulation and reception of texts. While Sapiro emphasizes the rich interdisciplinary nature of the approach on display, articulating the way in which it draws on literary history, sociology, postcolonial studies, book history, gender studies, and media studies, among others, the book also stands as a defense of the sociology of literature as a discipline in its own right.

**Art and Poetry** Jacques Maritain 1945 Originally titled *Frontières de la poésie* (1935), This book by Jacques Maritain, whose philosophical writings read as interestingly as a novel, will be welcomed by all who

are seeking a better understanding of the art of our time. The book delves into Maritain's thoughts on the nature and subjectivity of art and poetry. As a philosopher, Maritain attempts to define the two concepts, describing art and poetry as "virtues," and as primarily concerned with beauty. Rather than focus on aesthetic theory, Maritain examines the concepts at a more tangible level, including a discussion of how they are made. The principles established with such precision and brilliance in his earlier work "Art and Scholasticism," which has had such a deep influence on contemporary artists, are successfully put to the test in illuminating the creative works of such diverse artists as Rouault, Marc Chagall, Gino Sevirini, and Arthur Lourie. Jacques Maritain was a French Catholic philosopher and political thinker. He was born in Paris in 1882, where he spent most of his life. His father was a prominent lawyer and his mother the daughter of a

statesman. He attended the Sorbonne to study philosophy and natural science, and after marrying, he and his wife converted to Catholicism. It was after this he became a well-known scholar of St. Thomas Aquinas and Thomistic philosophy. He published widely on philosophical and political thought, and by the 1930s, he was an established thinker in the Catholic community. After the outbreak of WWII, Maritain relocated to the United States, where he taught at Princeton University and Columbia University. Later in life, he and his wife returned to France, where he continued to write and study Catholic scholarship until his death in 1973.
